Balfour Beatty VINCI SYSTRA Working in partnership with HS2

Old Oak Common Lane southern Saturday road closure: De-vegetation and inspections

REF: HS2-OOC - SCP-26-2788

For the attention of:

Residents of Wells House Road, Oaklands Rise, Old Oak Estate

Location

Old Oak Common Lane, south of Wells House Road (see map on page 2).

Duration

Saturday 5 December; 6am to 4pm

What we are doing

We will be carrying out de-vegetation along the bridges over Old Oak Common Lane and inspecting essential telecommunications as part of ongoing works for Old Oak Common Staton.

What to expect

Works will be taking place under a full road closure of Old Oak Common Lane (see map on page 2). A diversion via Victoria Road will be in place for those coming from the south of Old Oak Common Lane.

The works will involve using strimmers and hedge cutters to remove overgrown vegetation from bridges. This may cause some noise, but it should not be excessive. The de-vegetation will only happen during core hours. This work requires a road closure to guarantee the safety of members of the public, as well as staff operating over the road

Wells House Road will only be accessible by vehicle from the north on Old Oak Common Lane. Pedestrian access will be maintained at all times.

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you. Should you have any questions or concerns about our works you can contact us by:

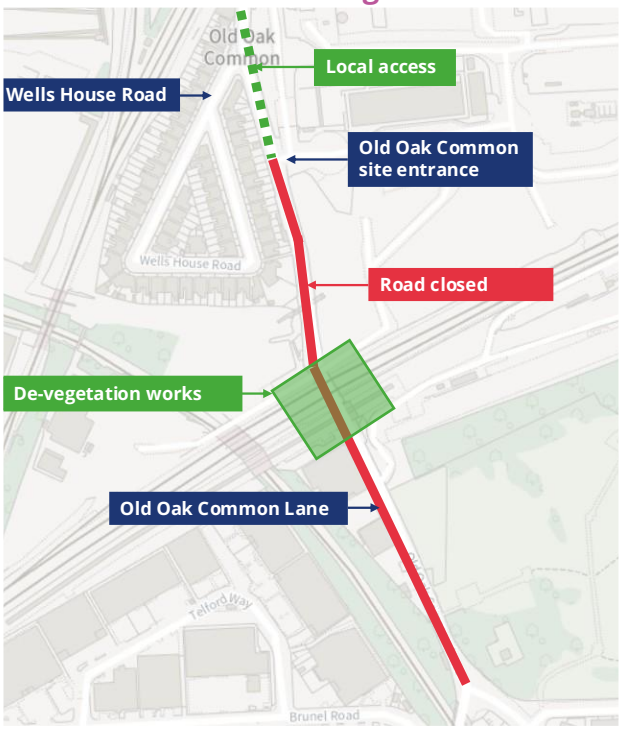
Where we will be working



What work is taking place?

During the road closure on Old Oak Common Lane, we will be carrying out de-vegetation works to the bridges running over Old Oak Common Lane and inspecting telecommunications beneath the road. The de-vegetation is essential to prevent long-term damage to the railways and assure signage is visible. A full road closure is necessary to guarantee the safety of the public and staff operating over the road.

What equipment will be used?

The work will use hand gardening tools, including electric strimmers and hedge cutters.

Measures to reduce disruption for the local community

The works should not create excessive noise and will happen during the daytime.
We will seek to end the road closure and resume vehicle access as quickly as possible. The diversion will be clearly indicated. Traffic marshals will be in place to instruct drivers on the correct route. Wells House Road residents will have access from the north of Old Oak Common Lane. Pedestrian access will be maintained throughout the closure. We will aim to finish works and reopen the road as quickly as possible.

Please contact community@bbvsjv.com or the HS2 Helpdesk on 08081 434 434 or via email at HS2Enquiries@hs2.org.uk if you have any questions. We will update this notification with any additional information if required.

Please contact us if you'd like a free copy of this document in large print, Braille, audio or 'easy read' format. You can also contact us for help and information in a different language.

Holding us to account
If you are unhappy for any reason, you can make a complaint by contacting our HS2 Helpdesk team. For more information, visit: **www.hs2.org.uk/how-to-complain**

We have an independent Residents' and Construction Commissioner who helps settle disputes and monitors the way in which we manage and respond to complaints about construction.
For more information visit: **www.hs2.org.uk/independent-commissioner**
