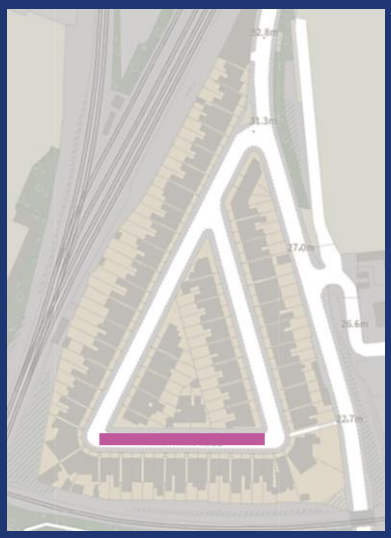
Balfour Beatty VINCI SYSTRA Working in partnership with HS2

Update
Overnight Central Line bridge work

REF: HS2-OOC - SCP-26-2791



For the attention of:
Residents south of Wells House Road

Location
Along the Central line, about 90m south of Wells House Road properties

Duration
June 2026 – December 2026, intermittently
Overnight: 10pm to 6am
See latest dates overleaf

What we are doing
We are continuing with work to support the construction of railway bridges on land near the Central Line. Residents can expect to experience some construction noise, within the limits allowed by agreement with the local authority.

What to expect
This is an update to the previous AWN **Overnight Central Line bridge work (ref: HS2-OOC - SCP-26-2078)**. We have to carry out overnight works, in order to prepare for the installation of the new bridge beams at Christmas. The works will involve task lighting and some noise and vibration. All within limits agreed with the local authority. We will complete our activity as quickly as possible to reduce disruption. We will use equipment and methods which help to reduce noise.

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you. Should you have any questions or concerns about our works you can contact us by:

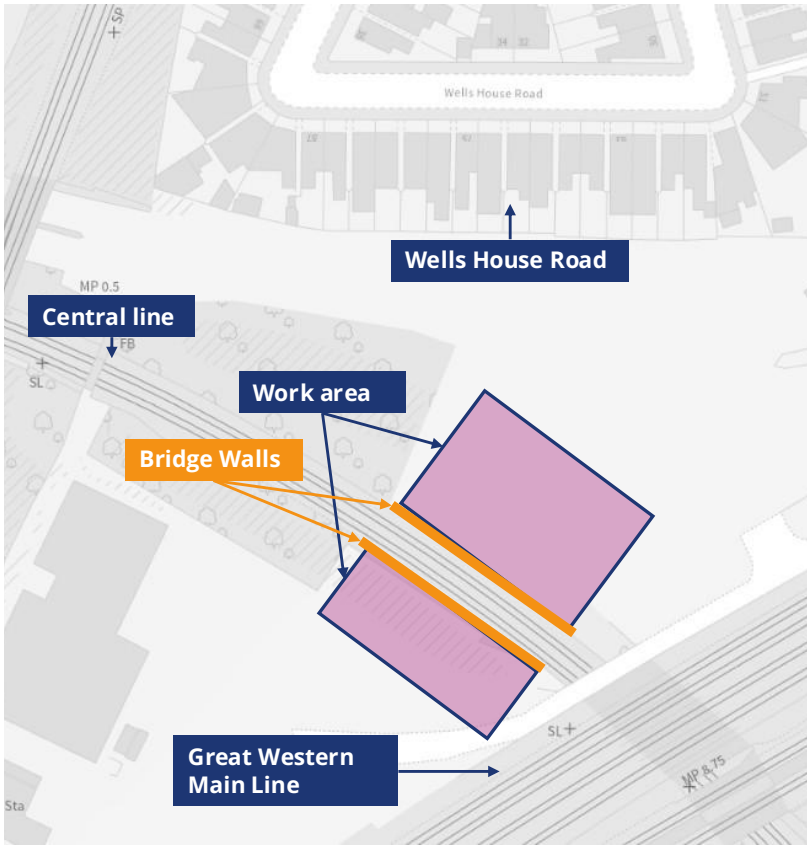
Supporting new bridge walls

We are continuing to construct a new railway bridge over the Central Line (around 90 metres south from the rear of properties on Wells House Road).

Following the construction of the concrete bridge walls over the summer, we are now continuing with the installation of the drainage pipes. We will also be placing and compacting material to support the new bridge walls. Machinery starts evening works from Tuesday 24 November to place and spread the material.

We will mitigate noise impacts, with shrouds and acoustic barriers when practicable. All noise levels will be within the limits agreed with the local authority. We have been continually updating this notification as works have progressed

Where we will be working



Working times and description of activity

- Sunday 22 November – Tuesday 24 November: Painting and drainage
- Tuesday 24 November– Thursday 26 November: Drainage and backfilling
- Sunday 29 November – Thursday 3 December: Drainage and backfilling

Holding us to account

If you are unhappy for any reason, you can make a complaint by contacting our HS2 Helpdesk team. For more information, visit: **www.hs2.org.uk/how-to-complain**

We have an independent Residents' and Construction Commissioner who helps settle disputes and monitors the way in which we manage and respond to complaints about construction.
For more information visit: **www.hs2.org.uk/independent-commissioner**

Community Impacts

Noise: The backfilling works will generate additional noise and vibration, but we will aim to mitigate this as best as possible with acoustic barriers and shrouds when possible. We will closely monitor noise levels to make sure we are not in excess of the limits set by the local authority.

Lighting: We will use task lighting during the night-time working. We will be careful to point this away from residences as much as possible.

Please contact community@bbvsjv.com or the HS2 Helpdesk on 08081 434 434 or via email at HS2Enquiries@hs2.org.uk if you have any questions. We will update this notification with the plan for July nearer to the time.
