

Notice of temporary traffic management on Watling Street

February 2021 www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI is working in partnership with HS2 Ltd to build the high speed railway in your area.

The work we are doing

We will be carrying out trial trenching, along a section of Watling Street, which will involve digging into the ground to establish what is underneath the surface. This will provide us with information on the location of underground utilities, which we need to assess as we develop our construction plans.

For the work to be completed in a safe environment, we will be installing temporary traffic lights on Watling Street. We will relocate these traffic lights as our works progress along either side of the carriageway.

The temporary lane closures will be in place from 1-9 March between 9:00am and 3:30pm. Our teams may be on site up to one hour before and one hour after the works to set up and secure the site at the end of each day.

HS2 and the COVID-19 outbreak

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current COVID-19 strategy makes clear that construction activity can continue as long as it complies with this guidance. The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

Duration of works

Between 9.00am and 3.30pm from 1 March - 9 March 2021

Please note that the times and dates in this notification are subject to change.

What to expect

Temporary lane closures on Watling Street controlled with traffic lights.

What we will do

Keep all sites safe and secure, while keeping disruption to a minimum.

Ensure all traffic management is clearly signed.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.

www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:
