

Notice of works at Regents Park estate

February 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

Weekend works Granby Terrace bridge – March to July

To make room for the new railway we will expand the bridge across the railway cutting. In March we will start removing sections of Granby Terrace bridge from within our worksite (see map on following page). We will remove the bridge's surface, then cut the bridge into pieces and lift sections away by crane. The crane will be onsite from Friday night until Monday morning over the weekends of 1-2 May, 8-9 May, 12-13 June, 19-20 June. We will also bring in three large loads between 10 and 12 March for piling works. We need to deliver large loads to site via Park Village East and Hampstead Road because the loads are too heavy to use Granby Terrace bridge. For safety, we will make these deliveries outside peak times during the night or early morning.

24/7 works during Network Rail track closures

Due to the location beside live railway tracks, some of our works can only be carried out overnight during Network Rail closures on weekends and in two six-week periods from 2 April to 17 May and 17 July to 31 August. Granby Terrace bridge deconstruction works are planned during weekend rail closures in three phases.

- Phase 1: weekend of 6-7 March and 13-14 March
- Phase 2: weekend of 17-18 April, 24-25 April, 1-2 May, and 8-9 May
- Phase 3: weekend of 5-6 June, 12-13 June, and 19-20 June

We expect there will be periods of elevated noise within agreed limits during day and night-time hours in phases 1, 2 and 3.

CCTV utility surveys in Stanhope Street and Augustus Street – March and April

Between 1 and 3 March and 5 to 6 April, we will carry out CCTV surveys of utilities on Stanhope and Augustus streets as shown in the map on the following page. This will require traffic management including temporary lane closures and parking bay suspensions to safely carry out these works. We apologise for any inconvenience.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
