

Notice: upcoming works at Westgate

November 2020 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current strategy makes it clear that construction activity can continue as long as it complies with this guidance. Please be assured that only sites that can operate within the guidelines are operational. All sites will remain under constant review.

Works to set up our Westgate site

We will be building a ventilation shaft and headhouse at our Westgate site. A map showing the location of the site is included below. From 2 December 2020, SCSJV will start works to set up the Westgate site. The following works are planned at this site from December 2020 and during early 2021:

- Installation of worksite fencing, gates, and security
- On-site surveys and inspections
- Installation of monitoring equipment
- Vegetation and site clearance within the site boundary
