

# Notice of works on Birmingham Road, Coleshill

February 2021 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty Vinci BBV is working on behalf of HS2 Ltd to build the new high speed railway in your area.

## The work we will be doing

In March 2021, BBV will begin to mobilise into an area of land off the B4114 Birmingham Road, to complete enabling works for our temporary test piling compound. These enabling works will include the widening of the site access, vegetation clearance and ground investigation surveys. To complete our work in a safe environment, there will be temporary traffic lights situated on the B4114 Birmingham Road from 8 March until 19 March.

Once this initial work is complete, we will then set up a satellite compound and install a temporary test piling platform.

We expect to be working in this area for around 6 months and there will be occasions when temporary traffic management will be put in place to complete our works. We will keep you update through [www.hs2inwarwickshire.co.uk](http://www.hs2inwarwickshire.co.uk) & [www.hs2insolihull.co.uk](http://www.hs2insolihull.co.uk)

## Test Piling

Piles are constructed by drilling into the ground to a required length. As the machine drills into the ground the material travels up to ground level. Once the piling machine reaches the required level, concrete is then pumped in to the bottom of the pile. The machine is then withdrawn in a controlled manner until the concrete is to ground level. A steel reinforcement cage is then placed into the fluid concrete to the required level.

## HS2 during the Coronavirus pandemic

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with coronavirus. The Government's current coronavirus strategy makes clear that construction activity can continue as long as it complies with this guidance.

The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

# Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

## Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.  
[www.gov.uk/government/publications/hs2-residents-charter](http://www.gov.uk/government/publications/hs2-residents-charter)

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:  
[www.gov.uk/government/collections/hs2-ltd-residents-commissioner](http://www.gov.uk/government/collections/hs2-ltd-residents-commissioner)

You can contact the Commissioner at:  
[residentscommissioner@hs2.org.uk](mailto:residentscommissioner@hs2.org.uk)

## Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing:
