## Hoarding works at Harrington Street and Addison Lee site compounds

March 2021 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high-speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England advice on dealing with COVID-19. The Government's strategy makes it clear construction activity can continue, as long as it complies with this guidance. Please be assured only sites that can operate within the guidelines are operational. You can sign up for regular updates in your local area at [HS2inCamden.co.uk](http://HS2inCamden.co.uk).

### Footpath closure on Harrington Street next to Coniston – 22 March to 10 May

From 22 March we will realign the hoarding on Harrington Street next to, but not in direct contact with, Coniston. We will also install new water pipes at this location within our site boundary. We will use an excavator to break out the existing slab and excavate a trench to install the water pipes. The works will take seven weeks including removing existing services from the hoarding, carrying out the excavations and utilities works, then reinstating services once the hoarding has been relocated. The slab breakout works will be noisy and are expected to take up to four days. We will use acoustic blankets to help mitigate the noise. To safely carry out these works we will close the footpath next to our worksite for seven weeks as shown below.

## Lane and footpath closure on Hampstead Road – 6 April to 4 May

From 6 April we will install new hoarding at our Addison Lee site office on the corner of Hampstead Road and Granby Terrace bridge. To carry out these works safely, we will temporarily close the northbound cycle lane and footpath on Hampstead Road outside the site office from 6 to 20 April, with a pedestrian diversion as shown in map 2 below. From 20 April to 4 May, we will reopen the cycle lane and maintain a partial footpath closure while we complete the hoarding works.

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
