

# Notice of works around Euston Station

December 2020 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) guidance on COVID-19. The Government's strategy makes it clear construction can continue as long as it complies with this guidance. All sites remain under constant review. You can sign up for regular updates in your local area at: [HS2inCamden.co.uk](http://HS2inCamden.co.uk)

## Ground investigation works around Euston Road and Doric Way

From **mid-January until May 2021** we will be carrying out ground investigation and survey works around Euston Road and Doric Way. This work will involve drilling a number of holes into the ground using machinery to boreholes. This type of survey helps us to understand more about the current ground conditions in the local area.

### What to expect

- Temporary work sites will be established where surveys and investigations are taking place;
- You may see vehicles on the road, transporting machinery used for the surveys;
- The machinery being used will be visible to the public;
- There will be temporary hoardings and fencing to ensure the work areas are secure;
- There may be some low levels of noise from the machinery being used to drill boreholes into the ground;
- Temporary road signs may be used on the highway to indicate where work is taking place; and
- Alterations to public walkways.

It is important that we carry out these investigations before construction begins so that we can plan our construction works effectively and reduce its effects. Works will be managed to minimise disruption wherever possible.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email [HS2enquiries@hs2.org.uk](mailto:HS2enquiries@hs2.org.uk).

### Holiday period

All HS2 sites in this area will be closed from 5.30pm on Christmas Eve (24 Dec) until 4 Jan 2021.

### Ground investigation

#### Working hours:

Mon to Fri 8am–6pm; Sat 8am–1pm

#### Duration of works:

From mid-January to May 2021

#### What to expect:

- Low levels of noise from our machinery
- We may install signage on the roadside
- We may install temporary fencing and or hoardings around work areas
- Drilling and soil sampling in work sites.

## Interim taxi rank construction

To facilitate the construction of the proposed HS2 station we need to construct an interim taxi rank facility in the east side of Euston Square Gardens. Construction works will begin in **January 2021 and continue until December 2021**.

The current taxi rank will move from Euston Garden (west) to Euston Gardens (east) once construction is complete. During the construction of the proposed HS2 station the new interim taxi set-down, pick-up and rank facility will serve Euston Train Station

### What to expect

We recognise that construction work can be disruptive to those living or working nearby. The nature of our work often means some disturbance is unavoidable, but every effort is made to minimise any unnecessary noise. Before we can start construction, we will need to undertake enabling works in the east garden.

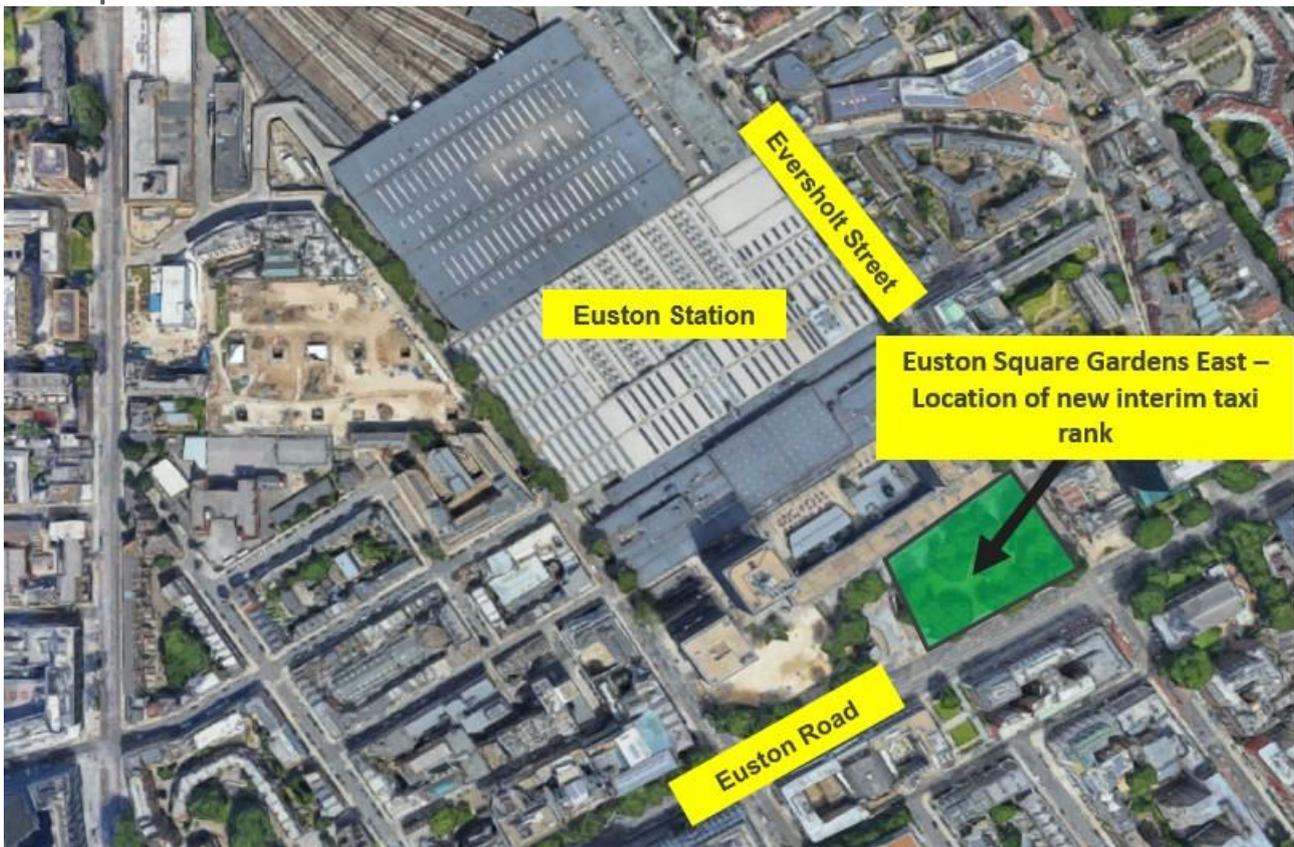

#### Works will include:

- Site mobilisation
- Staff welfare accommodation units.
- Site and vegetation clearance
- Hoardings installation
- Utilities diversion and protection
- Delivery of materials to and from site.

#### Working hours

- 8am to 6pm weekdays (excluding bank holidays)
- 8am to 6pm weekends
- 9pm to 5am Night time (remaining works that cannot be carried out during the day due to interface with Bus Station).

# Demolition works to One Euston Square and Grant Thornton House Buildings

In advance of the proposed HS2 station Mace Dragados will continue and complete the demolition works to One Euston Square and Grant Thornton buildings, west side of Euston Station.

These works will **continue until July 2022**. Most of the construction works are planned to take place during core working hours only. However, it may be necessary to undertake some works during the weekend and at night. This is so that we can reduce the impact on the public and commuters at Euston Station.

## What to expect

We recognise that construction work can be disruptive to those living or working nearby. The nature of our work often means some disturbance is unavoidable, but please be assured that every effort is made to minimise any unnecessary noise.

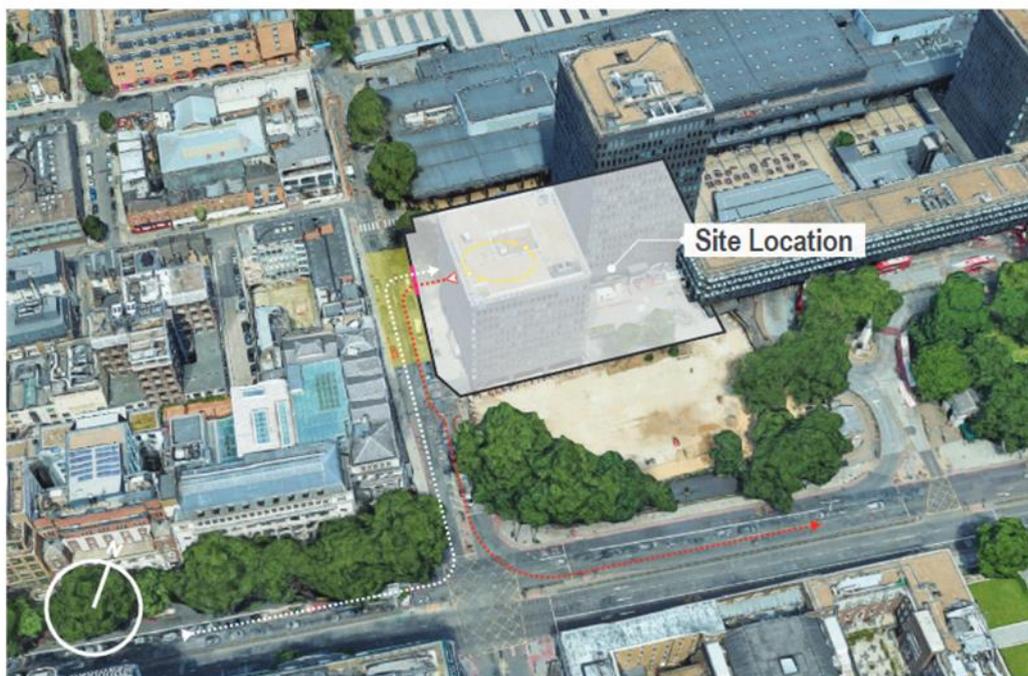

### Works will include:

- Alteration of current hoarding,
- Delivery of materials to and from site
- Use of plant including excavators, generators, concrete wagons and mobile crane.

### Working hours

- 8am to 6pm weekdays (excluding bank holidays)
- 8am to 6pm weekends
- Some limited night time work (9pm to 5am) may be required for emergency work and hoarding alterations only.
