Hampstead Road site enabling works at Cartmel

May 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England advice on dealing with COVID-19. The Government's strategy makes it clear construction activity can continue, as long as it complies with this guidance. Please be assured only sites that can operate within the guidelines are operational. You can sign up for regular updates in your local area at HS2inCamden.co.uk.

Hampstead Road site preparation works – from 7 June

We need to clear the garden area immediately in front of Cartmel before we can carry out the Hampstead Road utility diversion works.

From 7 June, we will carry out works to remove sections of the fencing, brick wall, access ramps, vegetation, phone box and charging units located on or adjacent to the Hampstead Road footpath. We will carry out these works within our Hampstead Road worksite.

We have carefully planned these works to reduce noise where possible and will have acoustic blankets in place to limit the impact. Nevertheless, there will be periods of increased noise throughout the day and we apologise for this disruption.

Trial holes in Cartmel gardens – 7 to 11 June

From 7 to 11 June, we will carry out trial holes within Cartmel gardens to assess the building's foundations and inform our mitigation plans to limit the impact of our works. We need to carry out two trial holes, the locations of which are indicated on the map on the following page. We will maintain access to properties at all times.

We will use a combination of hand and machine digging to excavate the holes, with acoustic barriers in place to limit noise.

UXO survey of Cartmel gardens – 28 June to 2 July

Following on from the site preparation works, from 28 June to 2 July, we will carry out unexploded ordnance (UXO) surveys of the garden area of Cartmel to test for underground unexploded devices before we begin excavation works. This is a standard survey and part of the site preparation process to ensure that we carry out our works safely. We will use a probing rig, which looks like a large box on rollers to carry out these surveys. We do not expect these surveys to be noisy.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.

www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:

www.gov.uk/government/collections/hs2-ltd-residents-commissioner

You can contact the Commissioner at:
residentscommissioner@hs2.org.uk

Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing:
complaints@hs2-cc.org.uk

Property and compensation

You can find out all about HS2 and properties along the line of route by visiting:
