

# Update of utility works on Gower St, Gower Place, Gordon St and Euston Road

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England advice on dealing with COVID-19. The Government's strategy makes it clear construction activity can continue, as long as it complies with this guidance. Please be assured that only sites that can operate within the guidelines are operational. All sites remain under constant review. You can sign up for regular updates in your local area at [www.HS2inCamden.co.uk](http://www.HS2inCamden.co.uk).

The programme of utility works to the west side of Euston Station includes the laying of electrical power connection ducts and BT telecommunication ducts via North Gower Street across Euston Road, Gower Street and Gower Place finishing at Gordon Street. It also includes laying new Verizon ducts starting at Euston Road, through Gower Place, Endsleigh Gardens and finishing at Upper Woburn Place. At each location of works parking and loading bays will be suspended. Pedestrian access will be maintained. The initial digging of the road will be the noisiest activity, although this will be intermittent and not continuous. We will put up screening clad with acoustic panels to reduce noise.

We might use a vacuum excavator, which is a safer and faster way of working, as it sucks up material to expose buried utility services without risk of damaging the cables or pipework below. This is a noisier method, and we erect acoustic barriers around the machine, however a lot of the noise would be sent vertically, when the machine is running. We apologise in advance for inconvenience this might cause.

Utility supplies and other services will not be affected by these works.

## Update to information sent out 15 April 2021

Works have progressed well since the last update in April, and we will soon be in a position to reopen the road closure on the junction of Gower Street and Euston Road. Once the closure has been removed, we will move our works to Gordon Street/Gower Place junction, for approximately 7 weeks, where the ducting works will be completed.

**If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email [HS2enquiries@hs2.org.uk](mailto:HS2enquiries@hs2.org.uk)**
