

Update: Utility works – Welsh Road near Fosse Way

March 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Initial works have now started and are carried out by LM – a joint venture between Laing O'Rourke and J. Murphy & Sons.

Temporary traffic management on Welsh Road

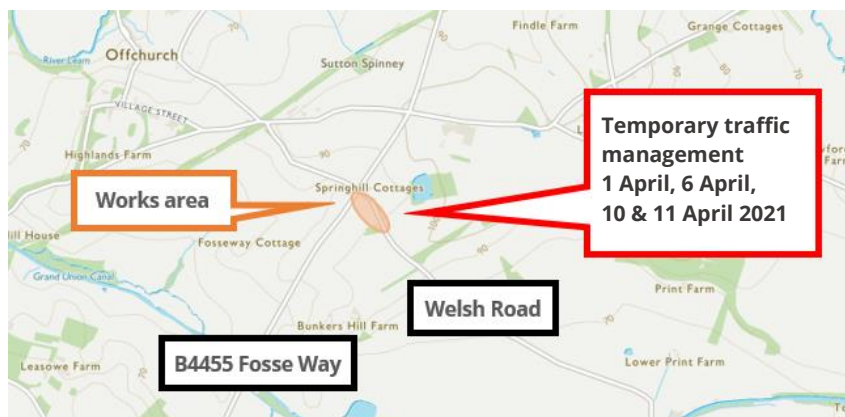

The dates have changed for these works. As part of the Fosse Way highway works, LM are installing utilities off Welsh Road close to the Fosse Way. To enable these works to be carried out safely we will need to install some temporary traffic management as follows:

1 April– 'Stop and Go' to facilitate unloading and access to work area

6 April – temporary traffic lights with a lane closure for utility connection works

10 & 11 April – Daytime road closures for utility crossings

Access will still be maintained for households and businesses along the road. All works are subject to consent, site and weather conditions. Dates may also be subject to change. Please register at hs2inwarwickshire.co.uk to receive updates about works in your area and for up-to-date traffic information go to **one.network**.

The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently working are doing so because they can operate within PHE and construction industry guidelines
