**Work between Euston Station  
and Primrose Hill tunnels**  
**1 March 2022 to 31 May 2022**

T: 03457 11 41 41

28 February 2022

Dear neighbour,

**Area reference: LEC1 – 0m 00yds to 2m 0029yds**

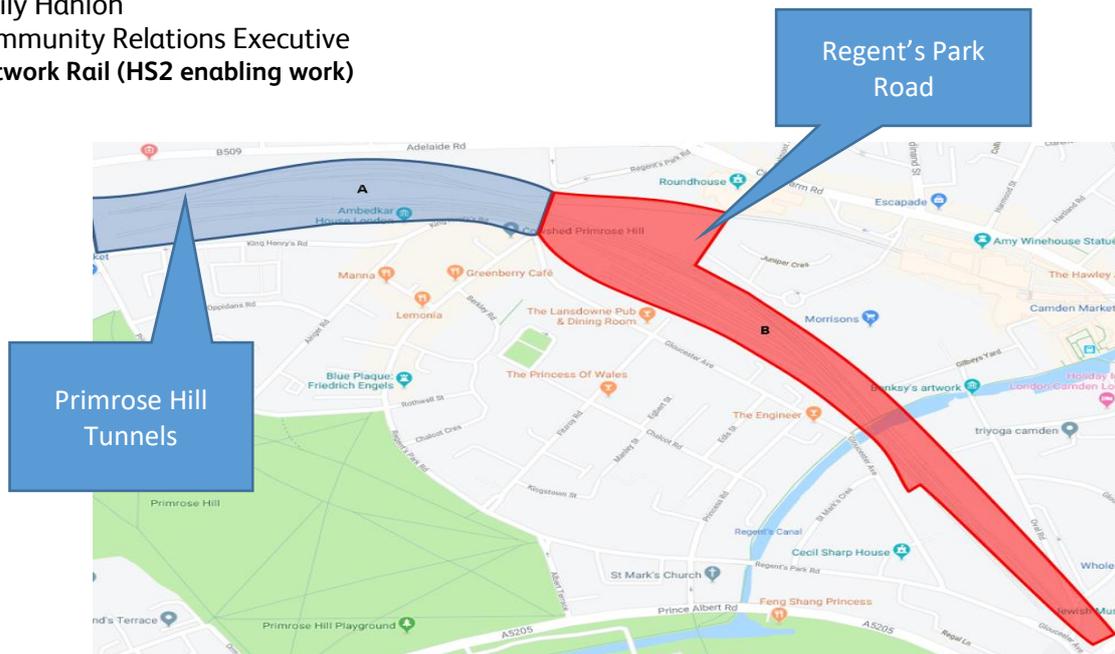

Over the coming months, we'll be carrying out some work to prepare the way for High Speed 2 (HS2). To keep our staff safe, we may need to work at times that cause the least disruption to train services and passengers which can include weeknights and weekends. We're sorry if our work disturbs you. We'll make every effort to reduce disturbance where we can. We'll put noise barriers up where it is safe to do, use silenced generators and have continuous noise monitoring to ensure that noise levels are kept within agreed limits. Our staff will also be regularly briefed on the importance of working responsibly in the local community.

If any of our plans change, we'll advise you via the **HS2 in Camden** website. Please sign up to receive news alerts at: [www.HS2inCamden.co.uk](http://www.HS2inCamden.co.uk)

**How you can contact us:**

If you have any queries or complaints about our work, please telephone our 24-hour national helpline on **03457 11 41 41** and we will be happy to help you. To help us identify the location of the work and provide you with a timely response, please quote the area reference shown at the start of this letter. You can also email [NRHS2@networkrail.co.uk](mailto:NRHS2@networkrail.co.uk).

Kind regards,  
Emily Hanlon  
Community Relations Executive  
Network Rail (HS2 enabling work)

**\*Please note – there is no planned work for areas A, C, E, F, and G**

Two track trolley's will be used and our team will be using survey equipment only. <b>Date as follows:</b> <ul style="list-style-type: none"> <li>• <b>Weekend 19 March 2022</b></li> </ul>

**Other work in your area:**

Skanska Costain STRABAG (SCS) is building the railway structures for the section of HS2 between Parkway and Hampstead Road bridge. From March to May, SCS will be carrying out piling, concrete and excavation works within their worksite beside the Network Rail tracks. SCS will also continue their works to the bridges and retaining wall within the cutting, carrying out surveys and monitoring, and installing ground anchors. For safety, SCS carries out those works closest to the tracks overnight or during weekends, when the tracks are not in use.

From 28 February to mid-April, SCS will carry out a trial within their Camden Cutting south worksite to test one of the methods they will use to reduce ground movement during tunnelling. SCS operatives will work 24 hours a day Monday to Friday, in an underground shaft, to complete the trial. These works will not be noisy and residents are not expected to notice the trial.

SCS will provide local residents with advance notice of construction impacts before they begin works. If you have any queries about the HS2 construction work, please contact the HS2 helpdesk, which is available 24 hours a day, on **08081 434 434** or email **HS2enquiries@hs2.org.uk**
