

# Notice of extended working hours: Long Itchington Wood Tunnel (South Portal)

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty Vinci (BBV) is working in partnership with HS2 Ltd to build the new railway in your area.

## What does this mean in terms of our planned work

Balfour Beatty Vinci (BBV) are continuing to undertake work at the South Portal of the Long Itchington Wood Tunnel at the A425 Leamington Road. Works include the diversion of utilities along the A425, diaphragm walling, excavation and concreting at the tunnel boring machine (TBM) reception box and green tunnel. These works are related to the planned launch of the Long Itchington Wood TBM in Summer 2021. The locations of activities and mitigation are shown overleaf.

## When will the extended working hours begin

The extension to core working hours has been granted by the relevant local authority under Section 61 of the Control of Pollution Act 1974.

From 12<sup>th</sup> April 2021 our core working hours will be extended to the following:

Monday – Friday: 7:00am – 10:00pm

Saturdays: 8:00am – 6:00pm

No working on Sundays

## Why are we extending our core working hours

We are keen to make the most of the longer daylight hours, subject to good weather conditions, to deliver our planned programme of works. This will help avoid any delays to the current phase of work. We will put in place all reasonable measures to control the levels of noise, vibrations and dust during our on-site operations.

**If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email [hs2enquiries@hs2.org.uk](mailto:hs2enquiries@hs2.org.uk)**

## Duration of works

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
