

Update: traffic impacts on Stanhope Street and Park Village East

June 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England advice on dealing with COVID-19. The Government's strategy makes it clear construction activity can continue, as long as it complies with this guidance. Please be assured only sites that can operate within the guidelines are operational. You can sign up for regular updates in your local area at HS2inCamden.co.uk.

Stanhope Street road closure for main site cabin deliveries – extended until 12 June

We are currently installing a five-storey site office within our worksite on the corner of Stanhope Street and Granby Terrace, next to Langdale.

We have lorries delivering pre-built cabins to our worksite via Park Village East. These lorries park on Stanhope Street, where we then use a crane to lift the cabins from the lorry into place onsite.

We previously informed you we need to close a section of Stanhope Street between Park Village East / Augustus Street and Mackworth Street, to provide a safe working area. This section of road is currently closed from 9am to 3pm on weekdays and 7am to 1pm on Saturdays.

We now need to extend this road closure until 12 June.

Traffic will be diverted via Varndell Street, Cumberland Market and Augustus Street. Local access will be maintained at all times.

We apologise for any inconvenience this may cause and thank you for your ongoing patience.

For further information please see the original notice 'SCS site offices installation and Euston Throat works update'.

Notification

Footway closure on Park Village East for onsite substation installation – extended until 16 July

We are currently installing a substation onsite, on the corner of Park Village East and Granby Terrace. In order to make way for these works we have temporarily removed a section of the hoarding and closed the footpath immediately adjacent to the works. We now need to extend this footway closure until 16 July.

Once the substation is complete, we will reinstate the hoarding and install the new hoarding graphics before reopening the footpath.

For further information please see the original notice 'Electricity substation install on Park Village East'.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.

www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:
