# Rescheduled - Rendering works at Canterbury House

May 2021 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current strategy makes it clear that construction activity can continue as long as it complies with this guidance. Please be assured that only sites that can operate within these guidelines are operational. All sites will remain under constant review

## What are we doing?

We are continuing the preparatory works in your area. The works for the preparation and installation of render and decorative paint finish on the west elevation of Canterbury House has been rescheduled and will now be starting from mid-May for a duration of six weeks. **Please be advised our programme of works is indicative as it requires dry weather and temperatures of 5 degrees or higher. We will provide you with an update at <https://hs2inkilburnandnortholt.commonplace.is/>**

We will be carrying out these works using mobile elevating work platforms to provide temporary access to required areas. We do not expect these to be noisy works, however we will use acoustic barriers to help minimise any noise.

Parking spaces at Canterbury House will not be affected and access to the car park will be maintained at all times. These works will be supervised to help ensure the safety of residents as well as site personnel moving through the area.

**If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email [hs2enquiries@hs2.org.uk](mailto:hs2enquiries@hs2.org.uk)**
