# SCS site offices installation and Euston Throat works update

April 2021 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England advice on dealing with COVID-19. The Government's strategy makes it clear construction activity can continue, as long as it complies with this guidance. Please be assured only sites that can operate within the guidelines are operational. You can sign up for regular updates in your local area at [HS2inCamden.co.uk](http://HS2inCamden.co.uk).

## Stanhope Street closure for site offices installation – 17 May to 9 June on weekdays from 9am to 3pm

From 17 May to 9 June we will install a five-storey site office (see map 1) within our worksite on the corner of Stanhope Street and Granby Terrace, next to Langdale. Lorries will deliver about 10 portacabins a day over four weeks via Park Village East during normal working hours. Please accept our apologies for the impacts these large loads could cause residents. We have the permission of the Met. Police and will always ensure local access and follow strict road and pedestrian safety measures.

We will locate a large crane within our worksite adjacent to Stanhope Street to lift the cabins from the lorries into place. To provide a safe area around the lorries, we need to close a section of Stanhope Street between Park Village East / Augustus Street and Mackworth Street. We will close the road between 9am and 3pm on weekdays during this period to reduce the impact as much as possible on school traffic. We will ensure local access at all times. Traffic will instead use Varndell Street, Cumberland Market and Augustus Street.

From June to October, we will fit out the offices with internal walls, air conditioning, fire systems, plumbing, electrics, furniture and a roof viewing gallery facing the worksite. We have permission to carry out the fit-out from 7am to 10pm to speed up completion. The works will be contained within the offices and will not be noisy. We have very limited site office space available to accommodate our team until we move into this main site office so we will begin to occupy each floor as soon as it becomes available, starting in August.

### Duration of works

17 May to October 2021:

- 17 May to 9 June (Monday to Friday, 9am to 3pm) - site office cabins install
- June to October 2021 (Monday to Friday, 7am to 10pm) - office fit-out works

### What to expect

Meanwhile, we also need to install additional double-storey temporary offices within our worksite next to the former Silverdale building in early May. We will remove these temporary offices once our new offices at the Granby Terrace site are fully operational.

## Hoarding replacement on Stanhope Street – July

To meet the fire regulations for our hoarding next to our main site office, we need to replace the existing 3.6m high hoarding around our worksite on Stanhope Street. We will carry out the works over four weeks in July and replace the same graphics. Traffic management will include a lane and footpath closure and parking bay suspensions on Stanhope Street. We will provide an update on confirmed dates for this work nearer the time.

## UKPN works on Stanhope Street – 9 to 17 June

UKPN are currently excavating trenches to install electricity cables as part of an ongoing phased work programme and will begin work on Stanhope Street in June. The works will require a lane closure and parking bay suspensions on Stanhope Street.

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

# Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

## Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.

[www.gov.uk/government/publications/hs2-residents-charter](http://www.gov.uk/government/publications/hs2-residents-charter)

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:

[www.gov.uk/government/collections/hs2-ltd-residents-commissioner](http://www.gov.uk/government/collections/hs2-ltd-residents-commissioner)

You can contact the Commissioner at:  
[residentscommissioner@hs2.org.uk](mailto:residentscommissioner@hs2.org.uk)

## Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing:
