## Notice of traffic management on Stoneleigh Road

May 2021 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. Early works for HS2 are carried out by LM – a joint venture between Laing O'Rourke and J. Murphy & Sons.

### There will be temporary traffic management

There will be a temporary traffic lights on Stoneleigh Road. This will allow safe access to our work sites to prepare for future construction works, which include protecting the local bat population through mitigation works. This work is planned at short notice in response to new survey data about bat habitats in this area.

This work will be followed by vegetation removal activity in mid-June, which will require a full closure on Stoneleigh Road with a diversion. This is subject to consent and discussions with the local highways authority.

The traffic lights will be in place on **Saturday 15 May and Sunday 16 May between 9:00am and 5:00pm, as well as Monday 17 May between 9:30am and 3:30pm**. Our teams may be on site up to one hour before and one hour after the works to set up and secure the site at the end of each day. Please see the map overleaf for more information. Access will be maintained to the vaccination centre at Stoneleigh Park.

Please be assured that we will continue to work within the necessary regulations, including licences from Natural England.

### HS2 and the COVID-19 outbreak

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current COVID-19 strategy makes clear that construction activity can continue as long as it complies with this guidance.

The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.
