

# Notice of Construction Works

May 2021 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. We are writing to make you aware of the next stage of work that will be undertaken by Western Power Distribution that is related to HS2.

## What are we doing

In order to construct the railway, it is necessary to **remove an old underground cable and install a new one. This work will be entirely within farmland in the Hams Hall area.**

## Covid 19

Western Power Distribution are delivering these works on behalf of HS2 Ltd. HS2 is continually reviewing the works on its construction sites in line with Government and Public Health England (PHE) advice on dealing with Covid 19. The Government's current Covid 19 strategy makes clear that construction activity can continue as long as it complies with guidance.

The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working, are doing so because they can operate within PHE and construction industry guidelines.

## How will this affect me?

The works will mainly be in **a construction area that will have no impact on the local community; however there will be an access off Faraday Avenue, the position of which will be indicated by temporary signage.**

The normal working hours for this will be **Monday to Friday 7am to 7pm and Saturdays 7am to 1pm.** Our contractors may also be on site for **surveys and security checks outside of these hours.**

Access off  
Faraday  
Avenue
