## Notice of temporary overnight lane closures on the M42

May 2021 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. Early works for HS2 are carried out by a joint venture between Laing O'Rourke and J. Murphy & Sons known as LM. In your area, we are working near the A452, A45 and M42, which surround the site of the future HS2 Interchange Station.

### We're improving the local road network

When the future HS2 Interchange Station is operational, four new highways bridges will connect the current road network to new routes we are creating. The first of these new highways bridges was safely installed in August 2020 over the M42. This year, we'll carry out various activities to fully reinstate the motorway's assets such as streetlighting.

### We'll be starting work on Monday 7 June

To carry out this work safely, we'll install **temporary, overnight lane closures along sections of the M42, between junctions 6 and 7, from 10pm to 5am between Monday 7 June and Friday 11 June inclusive**. This will include hard shoulder closures along this section of the M42 northbound and southbound.

Our contractors may be on site up to an hour before and after these times to set up and close down the site.

### HS2 during the coronavirus pandemic

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with coronavirus. The Government's current strategy makes clear that construction activity can continue if it complies with this guidance.

The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.

**If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email [hs2enquiries@hs2.org.uk](mailto:hs2enquiries@hs2.org.uk)**

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses across Birmingham and the West Midlands, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: [www.groundwork.org.uk/hs2funds](http://www.groundwork.org.uk/hs2funds)
