Notice of temporary lane closures on the A452 and A446 near Northway Island

May 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Early works for HS2 are being carried out by a joint venture between Laing O'Rourke and J. Murphy & Sons, known as LM. In your area, we are working near the A452, A45 and M42, which surround the site of the future HS2 Interchange Station.

We'll be starting work on Wednesday 2 June

Subject to obtaining the relevant consents, **from Wednesday 2 June to Friday 4 June, 9.30am to 3.30pm each day, temporary lane closures will be installed along sections of the A452 northbound and A446 southbound near Northway Island.** We are carrying out these traffic measures to allow safe access to our work sites to prepare for future construction works, which includes roadside vegetation clearance.

Our contractors may be on site up to an hour before and after these times to set up and close down the site. Access to all buildings and businesses will be maintained while these works progress.

These traffic measures will be carried out in conjunction with a new direction of travel for road users around Northway Island, which will commence on Monday 24 May.

For more information about all of our traffic measures in the Interchange area, please visit: www.hs2insolihull.co.uk

HS2 during the coronavirus pandemic

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with coronavirus. The Government's current strategy makes clear that construction activity can continue if it complies with this guidance.

The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses across Birmingham and the West Midlands, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: www.groundwork.org.uk/hs2funds
