

Notice of utility surveys on Herlwyn Avenue

June 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current strategy makes it clear that construction activity can continue as long as it complies with this guidance. Please be assured that only sites that can operate within these guidelines are operational. All sites will remain under constant review.

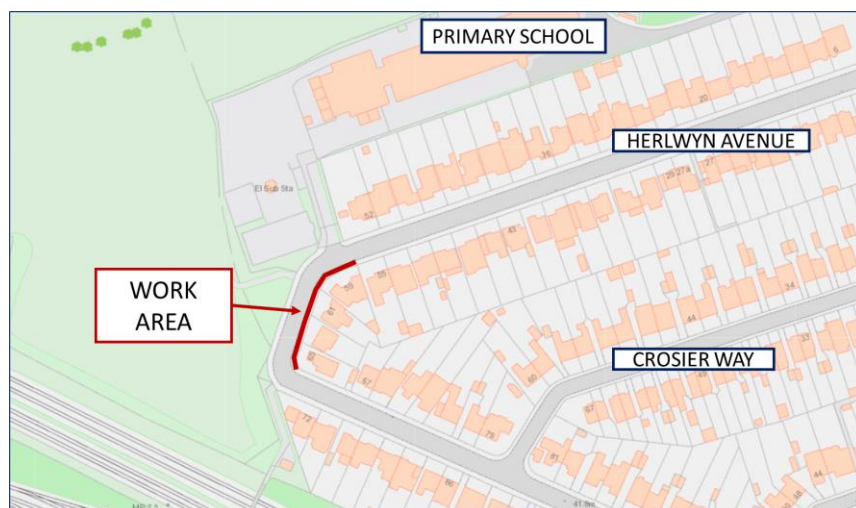

You can sign up for regular updates in your local area at www.hs2inhillindon.co.uk.

What we are doing

On 18 June 2021, we will be carrying out utility investigations along Herlwyn Avenue, in the area shown on the map overleaf.

We will undertake surveys of the manholes in the area, using a CCTV camera mounted on a small robot. Should we find a blockage, we may need to flush the drainage system using a high-pressure water jet in order to carry out the investigation.

Your utility services will not be affected.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

Duration of works

18 June 2021 from 8am to 6pm

We may be on site for an hour before the start and/or end of each shift

What to expect

Operatives and surveying equipment (including a CCTV camera) will be present, as well as a water tanker should we need to clear a blockage

What we will do
