

Notice of temporary road closure - Station Road, Quinton, June 2021

June 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. In response to COVID -19 we have worked hard to ensure that our working practices are fully aligned with the Site Operating Procedures produced by the Construction Leadership Council. These procedures have been endorsed by Public Health England. We will be keeping our local website www.hs2inbucksandox.co.uk up to date with information on our works in the local area.

What will we be doing?

We need to carry out ecology surveys and vegetation clearance along Station Road, Quinton.

All clearance works are undertaken under the instruction of the ecologist on site, who decides the appropriate method of clearance based on the vegetation present. This involves a detailed hand search to determine if any ecology is present. If the area is found to be clear, then vegetation clearance will take place.

A small workforce will use machinery and handheld equipment to clear sections of vegetation. This will involve the use of brush cutters, chainsaws and tractors, employing different methods to remove the area of vegetation.

When will these works take place?

The works will start on the **29th June** for approximately two days.

Due to the proximity to the road and the existing traffic lights on the Station Road bridge, there will be a need to temporarily close the road for the duration of the works. This is for the safety of road users and our staff.

The road will be closed between **9am - 3pm** outside of peak traffic times and will open as normal outside of this.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk
