

Notice of utility surveys on Hill Lane

June 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current strategy makes it clear that construction activity can continue as long as it complies with this guidance. Please be assured that only sites that can operate within these guidelines are operational. All sites will remain under constant review.

What we are doing

We will be carrying out surveys on the five manhole chambers on Hill Lane between the junctions with Harwell Close and Ickenham High Road on Saturday 10 July 2021.

Operatives will lift the manhole covers and scan the chambers using a laser. A traffic management enclosure will encompass the northern three chambers as they are close together. The map below shows the approximate area of activity.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

Duration of works

Saturday 10 July 2021
