Subject to consents being accepted we will be implementing trial holes near the M42 junction 7 and 7a northbound.

When these works will take place

The works will take place overnight on Monday 12 July and Tuesday 13 July on junction 7. They will then take place on junction 7A overnight on Wednesday 14 July and Thursday 15 July. The works will take place from 9pm - 5am. To carry out our works safely we will:

HS2 during the COVID-19 pandemic

We are continually reviewing the works on our construction sites in line with the Government and Public Health England (PHE) advice on dealing with coronavirus. The Government's current coronavirus strategy makes clear that construction activity can continue as long as it complies with this guidance. The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk
