

# Update- Notice of traffic management Welsh Road, Offchurch

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high-speed railway in your area.

## Update

**Due to unforeseen weather conditions, the working period has now been extended from 28 June to 24 July.**

## The work will we be doing

During the next month our programme of earthworks will begin in the area. Our works will involve excavating the ground, creating foundations for structures, and moving excavated material around the site to create environmental bunds.

To safely carry out these works we will install a controlled vehicle crossing on Welsh Road. This will allow our site vehicles and machinery to safely cross the road. During the installation of the vehicle crossing we need to install temporary traffic lights from 28 June to 24 July 2021.

Access will be maintained to all properties during these works - **please see map overleaf.**

## HS2 during the Coronavirus pandemic

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current COVID-19 strategy makes clear that construction activity can continue, as long as it complies with this guidance. The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.

**If you have a question about HS2 or our works, please contact our helpdesk on 08081 434 434 or email [HS2enquiries@hs2.org.uk](mailto:HS2enquiries@hs2.org.uk)**

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
