

# Update: Upcoming works on Adelaide Road

July 2021 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current strategy makes it clear that construction activity can continue as long as it complies with this guidance. Please be assured that only sites that can work within the guidelines are operational. All sites will remain under constant review.

## Update: further drainage surveys in July 2021

We have previously carried out drainage surveys on Adelaide Road and Eton Road. We will be carrying out further drainage surveys in July to investigate the condition of the drainage in your local area.

The surveys are planned to take place overnight on the following dates:

- Friday 16 July
- Monday 19 July
- Tuesday 20 July

The surveys are planned to take place from 9pm to 6am. We will use a camera to investigate the condition of the drainage system and may need to flush the system using a high-pressure water jet.

Temporary traffic management will be in place overnight on Adelaide Road and Eton Road provide a safe working area for the team carrying out the surveys. You will still be able to travel through the area.

A signed diversion route will be in place during the overnight surveys on Eton Road. Bus Stop CB (Chalk Farm) will be suspended overnight on the above dates.

Maps showing the survey locations are included on pages 2 and 3.
