Upcoming works at our sites on Harvil Road and Newyears Green Lane

July 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current strategy makes it clear that construction activity can continue as long as it complies with this guidance. Please be assured that only sites that can operate within these guidelines are operational. All sites will remain under constant review.

You can sign up for regular updates in your local area at www.hs2inhillindon.co.uk.

Upcoming works

Works are ongoing at our sites at Harvil Road and Newyears Green Lane to build the new bridge over the Chiltern Line railway, the Copthall tunnel and the conveyor system.

From 2 August 2021, we will be carrying out the following activities:

- Piling works for the west portal of the Copthall tunnel
- Installation of the conveyor bridge over Newyears Green Lane
- Installation of support structures (abutments and wingwalls) for the new bridge over the Chiltern Line railway
- Sheet piling at the MSD buildings off Breakspear Road South

We will continue to monitor noise, dust and vibration throughout our works and ensure that adequate measures are in place to minimise disruption.

Please see the following pages for more information about locations and the works we will be carrying out over the next few months.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

Duration of works

From 2 August to 22 December 2021

Working hours are detailed on the page below

We may be on site for an hour before the start and/or end of each shift

What to expect

Temporary traffic management on Newyears Green Lane

Delivery and set up of equipment, cranes and piling rigs

What we will do

Continue to monitor our work methods and minimise disruption to the local community

Advise our staff to be mindful of our neighbours
Provide updates at HS2inHillingdon.co.uk

Notification

Upcoming works

Activity	Start date	Finish date	Working hours
1. Piling works for the Copthall tunnel	2 Aug	18 Sept	Mon-Sat 8am to 6pm
2. Road closure at Newyears Green Lane	2 Aug	6 Aug	Mon-Fri 8am to 6pm
3. Support structure installation	7 Aug	22 Dec	Mon-Fri 8am to 6pm Sat-Thurs 10pm to 7am
4. Sheet piling at MSD building	9 Aug	27 Aug	Mon-Fri 8am to 6pm and Sat 8am to 1pm

1. Piling works for the Copthall tunnel

From 2 August to 18 September 2021, we will be carrying out piling work for the construction of the west portal of the Copthall tunnel.

The west portal piling will be delivered using Continuous Flight Auger (CFA) techniques. CFA piling is when a continuous auger (hollow stem) is drilled into the ground to the required depth. Once the required depth is achieved, concrete is installed via the piling rig and through the hollow stem auger. The auger is then slowly withdrawn, and reinforced steel cages are installed. This method should not cause any disruption.

2. Road closure for conveyor bridge installation over Newyears Green Lane

From week commencing 2 August 2021, we will lift and install the conveyor bridge over Newyears Green Lane. A temporary road closure will be in place to ensure the installation can be carried out safely.

These works are dependent on weather conditions and we will therefore require two weeks after the start date as contingency to complete them. We anticipate the road closure to be in place for up to five days.

We will provide you updates at HS2inHillingdon.co.uk.

3. Support structure installation

From 7 August 2021, we will be constructing the abutments and wingwalls, support structures for the new bridge over the Chiltern Line railway.

An abutment is a substructure unit located at the end of a bridge. Its function is to provide end support for the bridge superstructure. Wingwalls are also located at the ends of a bridge. Their function is to retain and provide support to the abutments.

For safety reasons, some of these works will take place between midnight and 6am, Saturday to Thursday, when trains are not running.

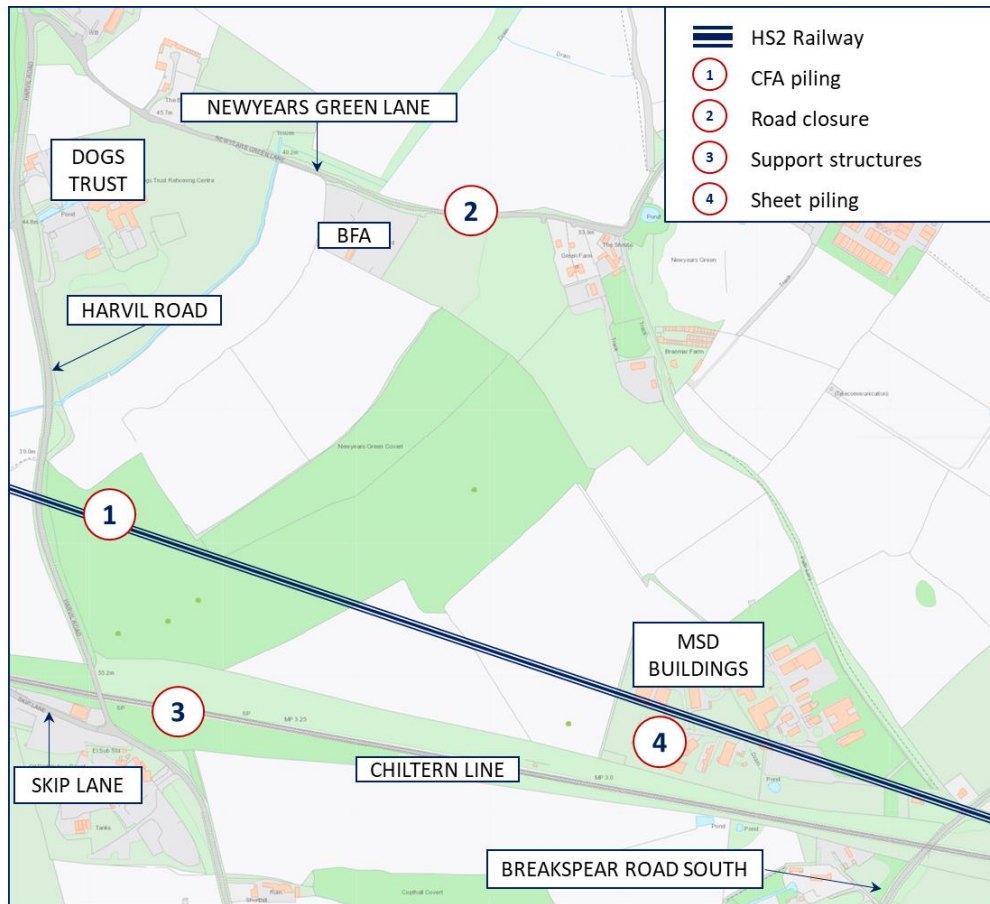

4. Sheet piling at MSD building

From 9 to 27 August 2021, we will be installing sheet piles at the MSD Building located off Breakspear Road South within our site.

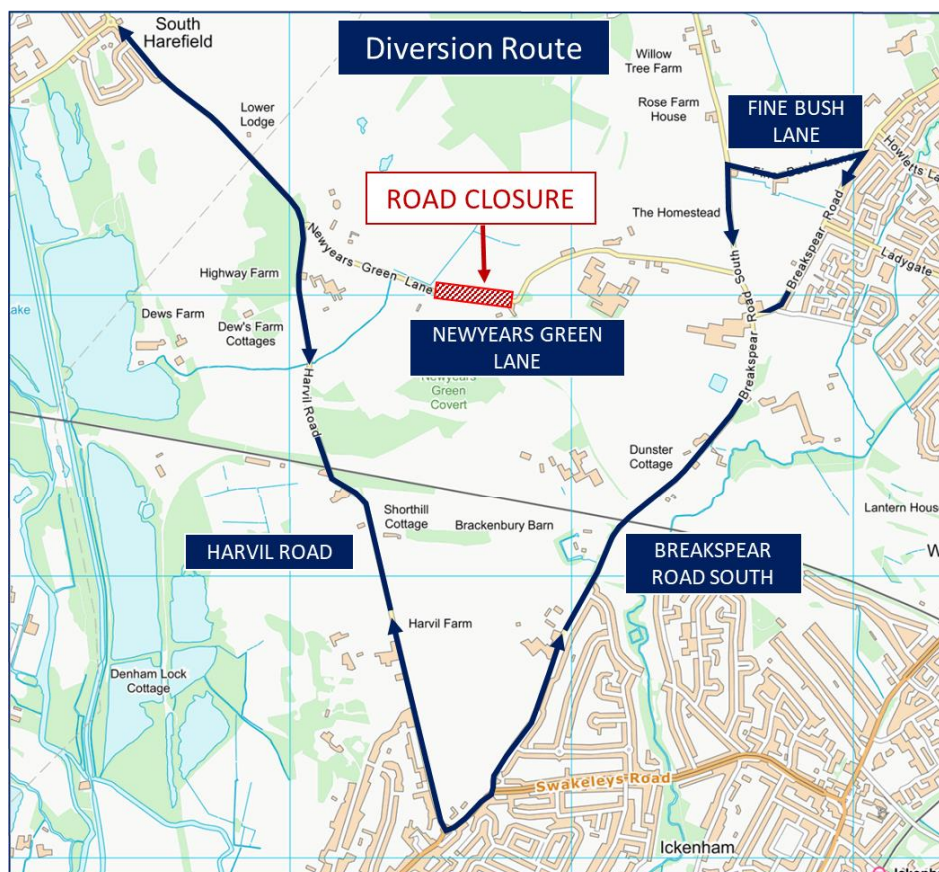

Steel sheet piles will be installed in sequence along the planned perimeter and pressed into position. When arranged side by side, the sheet piles form a wall to provide earth support. We will not be expecting any disruption for these works.

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.

www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:

www.gov.uk/government/collections/hs2-ltd-residents-commissioner

You can contact the Commissioner at:
residentscommissioner@hs2.org.uk

Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing:
complaints@hs2-cc.org.uk

Property and compensation

You can find out all about HS2 and properties along the line of route by visiting:

www.gov.uk/government/collections/hs2-property

Find out if you're eligible for compensation at:

www.gov.uk/claim-compensation-if-affected-by-hs2

Holding us to account

If you are unhappy for any reason you can make a complaint by contacting our HS2 Helpdesk team. For more details on our complaints process, please visit our website:

www.hs2.org.uk/how-to-complain

Contact Us

Contact our HS2 Helpdesk team all day, every day of the year on:

 Freephone **08081 434 434**
