HS2

Notice of works to the West and East of Euston Station

July 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) guidance on COVID-19. The Government's strategy makes it clear construction can continue as long as it complies with this guidance. All sites remain under constant review. You can sign up for regular updates in your local area at: HS2inCamden.co.uk

Event about our upcoming surveys of existing utilities in the Euston Station area

We wrote to you in June (HS2-MW-MD-Ph1-Eu-St-S3-CR-17-28/06/2021) regarding **two online engagement events on 14 July 2021 between 4pm and 5pm and 15 July 2021 between 5pm and 6pm** to share our plans for this work and provide you with an opportunity to ask questions. You can still register to attend via hs2.org.uk/events

Utilities surveys until October 2021

We wrote to you in April 2021 regarding trial holes (surveys) at the various locations (HS2-EW-MD-Ph1-Eu-St-S3-Site-11-20/04/2021). This notice includes the details of when and where we'll be carrying out some of these surveys, which help us determine the locations of utilities and to test their condition within the local area. It is important that we carry out these investigations so that we can plan our construction works effectively and reduce its effects. We will write to you again in the future with details of further utilities surveys.

Ongoing works at the former National Temperance Hospital site and former Maria Fidelis Catholic School

This is a reminder and update regarding ongoing works at the above locations. To facilitate our works, we will install sheet piles along the boundary of the former Maria Fidelis and former National Temperance Hospital site.

Please continue to read the rest of this notification for further information about each location.

Notification

Duration of works:

Ongoing until October 2021

Working hours:

- 8am to 6pm weekdays excluding bank holidays (with an hour either side of these times to set up and close down the site)
- 8am to 1pm Saturday
- Some night-time works may be required.

What to expect:

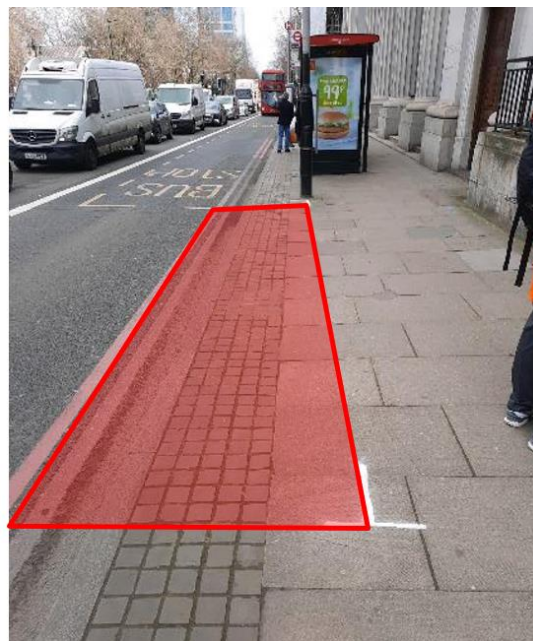

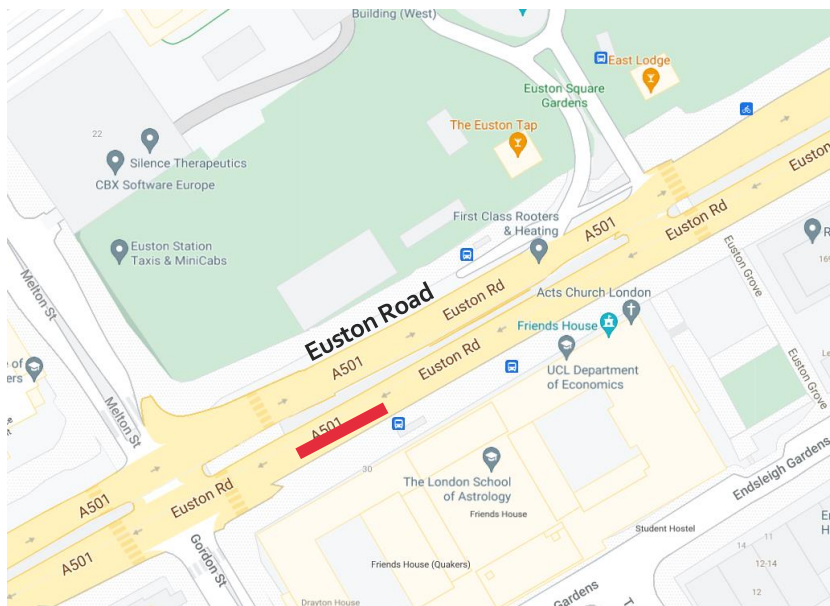

- Partial road closures
- Alterations to public walkways;
- suspension of parking bays;
- bus stop suspension in some areas; and
- drilling, excavations in work sites.

What we will do:

- Create temporary work sites where surveys and investigations are taking place; and
- We may install temporary signage on the roadside.

Euston Road utility survey from 20 July until late August 2021

To enable the utilities survey at Euston Road we will need to temporarily close a section of the footpath south of Euston Road and the adjacent bus stop as shown below. The temporary bus stop will be placed as close to the existing bus stop as reasonably possible. **These works will begin from 20 July and continue until late August 2021.**

What to expect

We will closely monitor all noise, vibration, and dust levels to ensure we do not exceed our agreed limits. These works will not affect utility connections in the areas. Please note that changes to the programme may occur, and if these changes are likely to cause any disturbance, we will write to you again.

Works will include:

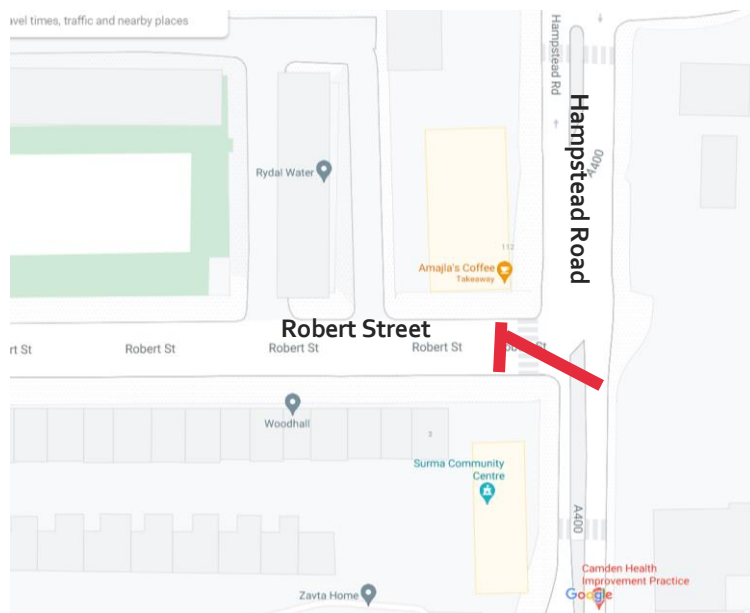

- We will cut a hole of approximately 6.5m in length and approximately 2.5m into the ground using a floor saw;
- concrete and tarmac breakout;
- use of pneumatic picker and a light pneumatic breaker mounted on a mini-excavator, any dust created will be controlled using water;
- heras fence panels will be fitted with acoustically rated panels/curtains around the worksite;
- delivery and removal of materials to and from site; and
- we will work to minimise disruption wherever possible.

Working hours

- 8am to 6pm weekdays (excluding bank holidays);
- 8am to 1pm Saturdays; and
- we will start-up and close-down activities up to one hour before and up to one hour after normal working hours above.

Utility survey at the junction of Robert Street and Hampstead Road from 6 August until late September 2021

To enable the utilities survey at the junction of Robert Street and Hampstead Road we need to temporarily close a section of the road as shown below on Robert Street and install temporary traffic lights on Hampstead Road, this will facilitate the survey works across Hampstead Road in phases. Pedestrian access will be maintained using a temporary crossing throughout. **These works will begin from 6 August and continue until late September 2021.**

What to expect

We will closely monitor all noise, vibration, and dust levels to ensure we do not exceed our agreed limits. These works will not affect utility connections in the areas. Please note that changes to the programme may occur, and if these changes are likely to cause any disturbance, we will write to you again.

Works will include:

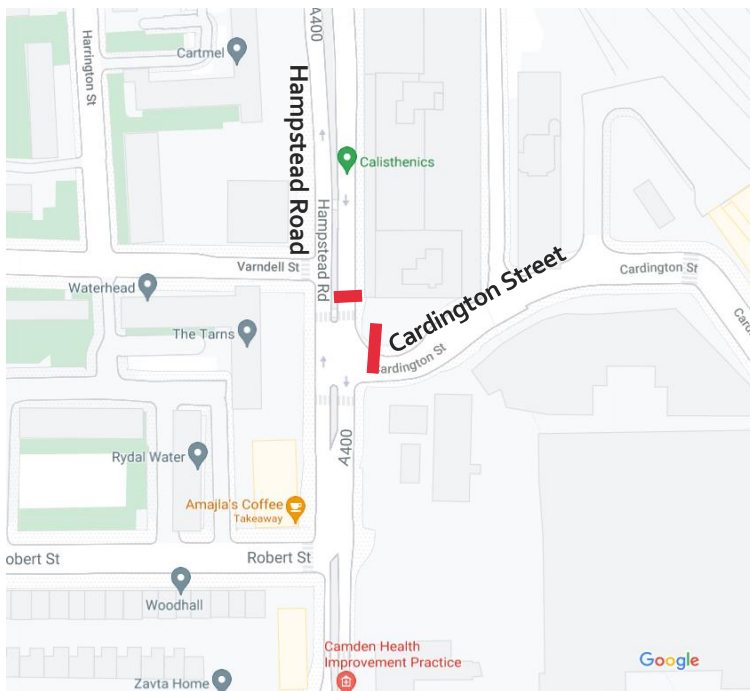

- We will cut a hole of approximately 1.2m into the ground using a floor saw;
- concrete and tarmac breakout;
- use of pneumatic picker and a light pneumatic breaker mounted on a mini excavator, any dust created will be controlled using water;
- heras fence panels will be fitted with acoustically rated panels/curtains around the worksite;
- delivery and removal of materials to and from site; and
- we will work to minimise disruption wherever possible.

Working hours

- 8am to 6pm weekdays (excluding bank holidays);
- 8am to 1pm Saturdays; and
- We will start-up and close-down activities up to one hour before and up to one hour after normal working hours above.

Utility survey at Cardington Street and Hampstead Road from 16 September until late October 2021

To enable the utilities survey at the junction of Cardington Street and Hampstead Road we need to install temporary traffic lights to control the traffic whilst works are undertaken on the southbound lanes. Varndell Street will also be closed during these works by SCS who are undertaking gas main replacement (HS2-MW-SCS-Ph1-Ca-S1-Ex-Mat-10-07/01/2021). To assist signal timings on Hampstead Road these works have been coordinated to reduce overall disruption to Varndell Street and Hampstead Road. **These works will begin from 16 September and continue until late October 2021.**

What to expect

We will closely monitor all noise, vibration, and dust levels to ensure we do not exceed our agreed limits. These works will not affect utility connections in the areas. Please note that changes to the programme may occur, and if these changes are likely to cause any disturbance, we will write to you again.

Works will include:

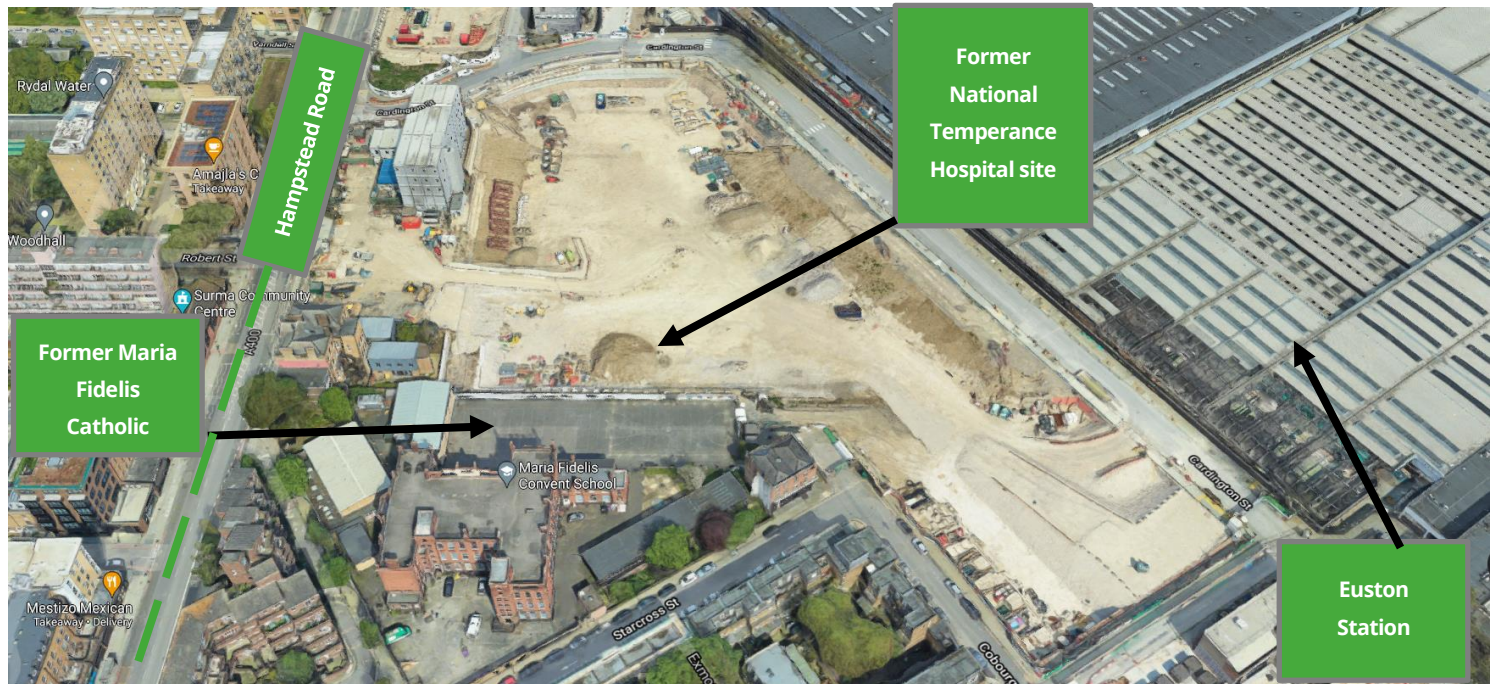

- We will cut a hole of approximately 1.2m into the ground using a floor saw;
- concrete and tarmac breakout;
- use of pneumatic picker and a light pneumatic breaker mounted on a mini-excavator, any dust created will be controlled using water;
- heras fence panels will be fitted with acoustically rated panels/curtains around the worksite;
- delivery and removal of materials to and from site; and
- we will work to minimise disruption wherever possible.

Working hours

- 8am to 6pm weekdays (excluding bank holidays);
- 8am to 1pm Saturdays; and
- we will start-up and close-down activities up to one hour before and up to one hour after normal working hours above.

Update on works at the former National Temperance Hospital site and former Maria Fidelis Catholic School

We previously told you about our works at the former National Temperance Hospital and former Maria Fidelis Catholic School sites. **From mid-July and continue until late September 2021** we need to remove a retaining wall within the site. To facilitate these works we will install sheet piles along the boundary of the former Maria Fidelis and former National Temperance Hospital site. The sheet piles will act as propping so we can remove the retaining wall. This will help to create a clear area so that utilities work can be undertaken within the site.

What to expect

We will closely monitor all noise, vibration, and dust levels to ensure we do not exceed our agreed limits. These works will not affect utility connections in the areas. Please note that changes to the programme may occur, and if these changes are likely to cause any disturbance, we will write to you again.

Works will include:

- Excavator will be used to excavate a trench to allow for installation of the sheet piles;
- vibratory piling to press first 3 piles into the ground;
- Delivery and removal of materials to and from site; and
- We will work to minimise disruption wherever possible.

Working hours

- 8am to 6pm weekdays (excluding bank holidays);
- 8am to 1pm Saturdays; and
- We will start-up and close-down activities up to one hour before and up to one hour after normal working hours shown here.

We recognise that construction work can be disruptive to those living or working nearby. The nature of our work often means some disturbance is unavoidable, but please be assured that every effort is made to minimise any unnecessary noise.

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.

www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:

www.gov.uk/government/collections/hs2-ltd-residents-commissioner

You can contact the Commissioner at:
residentscommissioner@hs2.org.uk

Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing:
complaints@hs2-cc.org.uk

Property and compensation

You can find out all about HS2 and properties along the line of route by visiting:

www.gov.uk/government/collections/hs2-property

Find out if you're eligible for compensation at:
www.gov.uk/claim-compensation-if-affected-by-hs2

Holding us to account

If you are unhappy for any reason you can make a complaint by contacting our HS2 Helpdesk team. For more details on our complaints process, please visit our website:
www.hs2.org.uk/how-to-complain
