July 2021 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high speed railway in your area.

## Transport information

We will be undertaking a program of deliveries of various materials to the Cublington and Coventry Road compounds.

This program of deliveries will commence from 5 August 2021 to February 2022.

A maximum of 60 HGVs will travel between Cublington and Coventry Road compounds each day.

This is compared to original 90 HGVs per day as mentioned in the original environmental statement.

## Timings

Delivery will take place between Monday and Fridays from 08.00am – 6.00pm and on Saturdays from 08.00am to 1.00pm.

To Minimize the impact on local traffic deliveries will be regulated throughout the working day and made during off peak hours whenever possible.

## HS2 during the Coronavirus pandemic

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current COVID-19 strategy makes clear that construction activity can continue, as long as it complies with this guidance. The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.

**If you have a question about HS2 or our works, please contact our helpdesk on 08081 434 434 or email [HS2enquiries@hs2.org.uk](mailto:HS2enquiries@hs2.org.uk)**

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
