

# Upcoming works – Prince Albert Road and Camden Cutting

July 2021 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. You can sign up for regular updates in your local area at [HS2inCamden.co.uk](http://HS2inCamden.co.uk).

## Update: white line removal on Prince Albert Road – rescheduled for 28 July

In May we repainted the white lines on Prince Albert Road to indicate the new traffic lights and crossing. At the time we were unable to remove the existing white lines and painted over them as a temporary measure. We will return to remove the old road markings on 28 July, not 27 July, as previously notified.

We will require alternating lane and footway closures and temporary traffic management on Prince Albert Road to safely carry out these works.

For more information please see the original notice 'Works on Prince Albert Road and Parkway' (July 2021)

## Update: traffic light adjustment on Prince Albert Road – postponed

We recently informed you of our upcoming works to adjust the traffic lights at the entrance to the Vehicle Holding Area on Prince Albert Road. We have now postponed these works until mid-August. We will provide a further update once the new start date is confirmed.

For more information please see the original notice 'Works on Prince Albert Road and Parkway' (July 2021)

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email [HS2enquiries@hs2.org.uk](mailto:HS2enquiries@hs2.org.uk)

## Notification

### Duration of works

**White line removal on Prince Albert Road:** 28 July

**Traffic lights works - Prince Albert Road:** postponed

**Weekend works within Cutting worksite:** 7-8, 14-15 August & 4-5 September

**Weekend working hours:** Saturday 8am to Sunday 9pm

**Vibratory sheet piling trial in Cutting:** 9-13 August

**Ground monitoring borehole on Park Village East:** 9-20 August

**Utility trial holes on Park Village East:** 16 August to 3 September

**Core working hours:** Mondays to Fridays 8am to 6pm & Saturdays 8am to 1pm

### What to expect

Lane closures on Prince Albert Road

Lane and footway closures and parking bay suspensions on Park Village East

Weekend works onsite

Vibratory piling trial onsite during core working hours

We will provide updates at [HS2incamden.co.uk](http://HS2incamden.co.uk)

Notification

[www.hs2.org.uk](http://www.hs2.org.uk)

## Weekend works within Camden Cutting worksite – August & September

For safety, we can only carry out works next to the tracks during a rail closure when trains are not operating.

We will carry out works onsite between Mornington Street bridge and Granby Terrace, during the weekends of 7 to 8 August, 14 to 15 August (including overnight works) and 4 to 5 September. We will move the safety barrier between our worksite and the tracks to clear the working area and excavate to prepare for sheet piling. We will also remove a concrete platform beside the railway tracks.

We will use acoustic blankets to limit noise and will monitor our works 24/7 to ensure the noise level remains within the limits agreed with the local council. We will limit noisy works such as concrete breaking to Saturday, with quieter works overnight and on Sunday.

Our working hours will be Saturday and Sunday 8am to 9pm. We will work overnight during the second weekend only, from 14 to 15 August.

## Vibratory sheet piling trial within Camden Cutting worksite – 9 to 13 August

In September, we need to remove a section of sheet piling within our worksite between Mornington Street bridge and Granby Terrace. We have been using this piling to support the walls of a large trench excavation.

We plan to remove these sheet piles by pulling them up out of the ground using a quiet, non-vibrating rig. However, if a pile is stuck, we may need to use a vibratory method to loosen the sheet pile before lifting it out of the ground.

Before we start removing these sheet piles in September, we will carry out a trial for a week in August to test these methods and help identify any additional measures to reduce the impacts of these planned works.

During the trial – from 9 to 13 August, during core hours – we will use the vibratory sheet piling machine to remove a section of sheet piling between Mornington Street bridge and Granby Terrace. We will monitor these works closely to ensure we remain within the noise and vibration limits agreed with the local council.

## Borehole and ground monitoring equipment install on Park Village East – 9 to 20 August

We will install a new borehole and ground water monitoring equipment within the footway and carriageway on Park Village East to continue monitoring groundwater levels in this area. We will use a small rig to drill a borehole in the carriageway, before installing the ground monitoring equipment and securing the opening to the borehole. We will keep dust to a minimum and limit noise by using acoustic blankets.

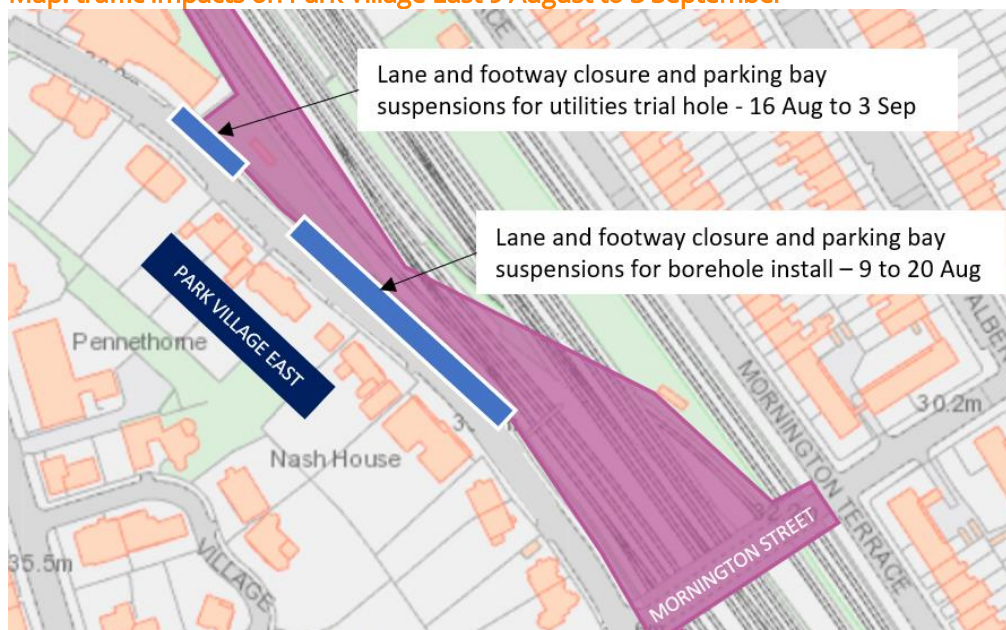

We will require a lane and footway closure and parking bay suspensions on Park Village East to carry out these works. Please see the map below for details.

## Trial holes for utilities connections to worksite – 16 August to 3 September

We need to create electricity and sewer connections from next to 1 Park Village East down to our track-level worksite at the northern end of the Euston Approaches. The electricity connection requires a street-level substation, which will be installed and owned by UKPN. Before we start these utilities connections, we will carry out trial holes from 16 August to 3 September to check for the location of existing utilities.

The trial holes will be within the carriageway and require a lane and footway closure and parking bay suspensions as shown on the map below.

# Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

## Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.

[www.gov.uk/government/publications/hs2-residents-charter](http://www.gov.uk/government/publications/hs2-residents-charter)

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:

[www.gov.uk/government/collections/hs2-ltd-residents-commissioner](http://www.gov.uk/government/collections/hs2-ltd-residents-commissioner)

You can contact the Commissioner at:  
[residentscommissioner@hs2.org.uk](mailto:residentscommissioner@hs2.org.uk)

## Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing:  
[complaints@hs2-cc.org.uk](mailto:complaints@hs2-cc.org.uk)

## Property and compensation

You can find out all about HS2 and properties along the line of route by visiting:

[www.gov.uk/government/collections/hs2-property](http://www.gov.uk/government/collections/hs2-property)

Find out if you're eligible for compensation at:

[www.gov.uk/claim-compensation-if-affected-by-hs2](http://www.gov.uk/claim-compensation-if-affected-by-hs2)

## Holding us to account

If you are unhappy for any reason you can make a complaint by contacting our HS2 Helpdesk team. For more details on our complaints process, please visit our website:

[www.hs2.org.uk/how-to-complain](http://www.hs2.org.uk/how-to-complain)
