Update: conveyor colour within our sites in Old Oak and Park Royal

March 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current strategy makes it clear that construction activity can continue as long as it complies with this guidance. Please be assured that only sites that can operate within these guidelines are operational. All sites will remain under constant review.

Installation of conveyor during 2021

During 2021, our contractors SCSJV and BBVS will build a conveyor system between our sites in Old Oak and Park Royal to allow for the movement of excavated material between sites. This will assist with reducing construction traffic on local roads while we build HS2.

What the conveyor will look like

We are planning to install a light grey conveyor which blends in with the local surroundings.

On the sections of conveyor located within our Crossover Box, Flat Iron, Atlas Road and Willesden Euroterminal sites, we will install light grey noise barriers. The noise barriers will be solid so you will not be able to see through them from your home. You can view images on the following page showing what the conveyor may look like in these sites.

The section of conveyor from the Old Oak Common Station site to the Flat Iron site is also planned to be light grey.

As you may be aware, some sections of the conveyor will cross local roads, the railway and Grand Union Canal. We are considering how the conveyor will appear in these locations and will engage further with local resident groups about this. We will provide more information about the appearance of these sections of the conveyor.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

Duration of works

During 2021 we will be installing a conveyor system between our sites in Old Oak and Park Royal

We plan to start operating the conveyor from late-2021

What to expect

During operation of the conveyor, there will be measures in place to minimise disruption to you including covers to minimise dust and noise barriers to minimise noise

What we will do

We will keep you updated about works to install and operate the conveyor

You can view information from our recent online information events at HS2inOldOak.co.uk

What the conveyor may look like

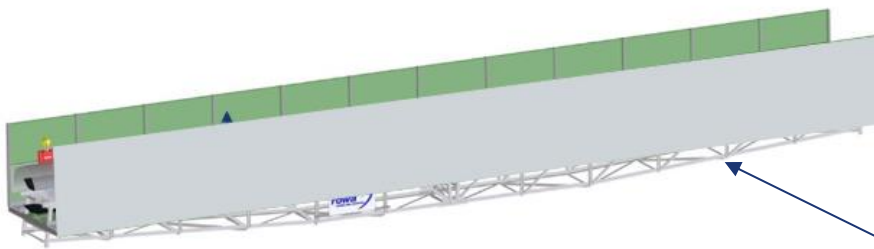

We held online community engagement events about the conveyor during late February and early March 2021. You can view the information presented at these events, including indicative visualisations of the conveyor system, at HS2inOldOak.co.uk

The final conveyor design is still being confirmed. We hope to provide more information to residents about the conveyor design during spring 2021.

In the meantime, the images below show what the conveyor may look like in the Crossover Box, Flat Iron and Atlas Road sites, where we will install solid, light grey noise reducing barriers on the conveyor system.

Image 1 – section of conveyor in Crossover Box and Flat Iron sites

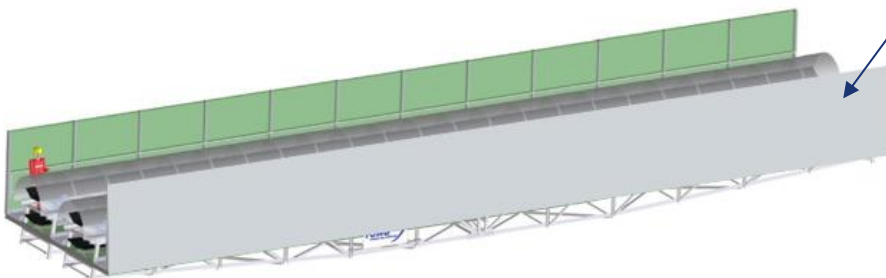

The image below shows an example of what the light grey noise barriers may look like in our Crossover Box and Flat Iron sites.

This is what the noise barriers and conveyor may look like to residents at Midland Terrace, Shaftesbury Gardens, Wells House Road, Bashley Road.

Image 2 – section of conveyor in Flat Iron and Atlas Road sites

This image below shows an example of what the light grey noise barriers may look like on the section of conveyor in our Flat Iron and Atlas Road sites with light grey noise barriers.

A map showing the location of the conveyor is included on the next page.

Speak with our local engagement team

We know that you might have questions about our works in your local area. You can speak with our local engagement team at our monthly virtual 1:1s. Our virtual 1:1 dates up until May 2021 are as follows

- Wednesday 28 April 2021
- Wednesday 26 May 2021

Further information on the topics featured and how to register can be found at HS2inOldOak.co.uk

Contact our HS2 Helpdesk team on **08081 434 434**

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route. www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at: www.gov.uk/government/collections/hs2-ltd-residents-commissioner

You can contact the Commissioner at: residentscommissioner@hs2.org.uk

Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing: complaints@hs2-cc.org.uk

Property and compensation

You can find out all about HS2 and properties along the line of route by visiting: www.gov.uk/government/collections/hs2-property
Find out if you're eligible for compensation at: www.gov.uk/claim-compensation-if-affected-by-hs2

Holding us to account

If you are unhappy for any reason you can make a complaint by contacting our HS2 Helpdesk team. For more details on our complaints process, please visit our website: www.hs2.org.uk/how-to-complain

Contact Us

Contact our HS2 Helpdesk team all day, every day of the year on:
