

Notice of ground investigation works near Water Orton

July 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. We are writing to make you aware of the next stage of work that will be undertaken by Western Power Distribution (WPD) that is related to HS2.

The work we are doing

WPD are undertaking some initial exploratory ground investigation works within an area identified just off Birmingham Road, and shown on the map below.

The work will consist of a full utility search and bore hole investigations. All work on site shall be managed and supervised by Western Power Distribution at all times.

Covid 19

WPD are delivering these works on behalf of HS2 Ltd. HS2 is continually reviewing the works on its construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current COVID-19 strategy makes clear that construction activity can continue as long as it complies with this guidance.

The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.

How will this affect me?

The works will mainly be in a construction area that will have no impact on the local community. The normal working hours for this will be **Monday to Friday 8am to 6pm and Saturdays 7am to 1pm**. Our contractors may also be on site for **surveys and security checks outside of these hours**.

If you have a question about HS2 or our works, please contact our helpdesk on 08081 434 434 or email HS2enquiries@hs2.org.uk
