

Notice of weekend track level working at Mandeville Road

August 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. You can sign up for regular updates in your local area at hs2inkilburnandnortholt.co.uk.

Weekend working

We will be working over a 24 hour period on the weekends of 11 and 12, 18 and 19, 25 and 26 September and 2 and 3 October 2021. We will be removing disused rails, clearing vegetation and installing hoarding at rail track level in the area shown on the map below.

These works will allow us to install and secure the hoarding at the southern end of our site, bordering the railway, to facilitate the construction of the ventilation shafts.

We will be receiving deliveries of materials on site and using a crane to lower the material to track level.

Lorry movements to and from site as well as the crane operation may cause some noise disturbance.

For safety reasons, these works will be carried out at night when the trains are not in operation.

How these works might affect you

We will need to use lighting overnight to enable the team to work safely. The welfare unit will be in use, which will be powered by a diesel generator.

You may notice periods of increased noise during these works. We would like to apologise in advance for any disruption or inconvenience this may cause. Every effort is being taken to ensure that these works are carried out in the least impactful way. We will ensure that disruption is kept to a minimum.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.
www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:
www.gov.uk/government/collections/hs2-ltd-residents-commissioner

You can contact the Commissioner at:
residentscommissioner@hs2.org.uk

Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing:
complaints@hs2-cc.org.uk

Property and compensation

You can find out all about HS2 and properties along the line of route by visiting:
