

## Notice of temporary road closure, Ladbroke Hill Lane

August 2021 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. We continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current strategy makes it clear that construction activity can continue as long as it complies with this guidance. Please be assured that only sites that can operate within the guidelines are operational. All sites will remain under constant review. You can sign up for regular updates in your local area at [www.hs2inwarwickshire.co.uk](http://www.hs2inwarwickshire.co.uk).

### What are we doing?

As part of our continued preparatory works for our internal haul and access roads we will close Ladbroke Hill Lane for approximately five weeks.

In order to avoid using local roads, during the main construction works, we will be using the internal haul and access roads for our construction traffic. To build the road, we will create a strengthened surface using concrete to ensure that we protect the road and any utilities underneath it for the duration of our works. As the preparatory works will require large plant and machinery, we are required to fully close this section of road, 24 hours per day, until they are complete. This is for the safety of road users and our staff.

Throughout the duration of the road closure, access will be given to the owners of the farms that need to access their farms and fields during this period.

### When will these works take place?

A section of Ladbroke Hill Lane will be fully closed, 24 hours a day, from Tuesday 7 September to Tuesday 12 October. We will work to open the roads to reduce disruption as soon as possible.
