## Notice of temporary road closures on Crowberry Lane and Park Lane

August 2021 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. Early works for HS2 are being carried out by a joint venture between Laing O'Rourke and Murphy & Sons, known as LM.

### We're carrying out vegetation clearance

During 2021, we have been working in your area to prepare the way for the future HS2 railway route and this work includes vegetation clearance.

### We'll be installing temporary road closures

To carry out roadside vegetation clearance safely, we'll install temporary road closures on Crowberry Lane and Park Lane. More information can be found in the map on the next page.

The road closures will be in place from **Monday 16 August to Friday 20 August from 9:30am to 3:30pm**. Our contractors may be on site for up to an hour before and after those times to set up and secure the site.

Access will be maintained for local businesses and journeys to local amenities.

### HS2 and the COVID-19 outbreak

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current COVID-19 strategy makes clear that construction activity can continue as long as it complies with this guidance. The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.

**If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email [hs2enquiries@hs2.org.uk](mailto:hs2enquiries@hs2.org.uk)**

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses in Birmingham and the West Midlands, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: [www.groundwork.org.uk/hs2funds](http://www.groundwork.org.uk/hs2funds)

## About our community websites

The planning and construction of HS2 is a huge operation – it is currently the largest infrastructure project in Europe.

It's important to us that you are kept up to date about the progress of the Project and any work that may impact you or your community. We have a series of community-focused websites where you can find out what is happening in your local area and sign up for updates about our activities. Our community sites currently serve Birmingham, Solihull, Staffordshire and Warwickshire. More sites are being prepared to serve other areas.
