Notice of road and lane closures in the Interchange area in August and September

August 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Early works for HS2 are being carried out by a joint venture between Laing O'Rourke and J. Murphy & Sons, known as LM. In your area, we are working near the A452, A45 and M42, which surround the site of the future HS2 Interchange Station.

We're working across the Interchange area

As part of our preparation works for future construction of the HS2 Interchange Station and railway route, we are undertaking environmental works and remodelling and improving sections of the existing road network in the area. To safely carry out our works, we will install traffic measures when necessary.

We'll be carrying out work in August and September

Subject to obtaining the relevant consents, we will install a range of temporary road and lane closures in the area, including:

- Lane closure from 9.30am to 3.30pm, **Tuesday 31 August to Friday 24 September**, along a short section of the A446 northbound near Northway Island (see map on page 2). These traffic measures will be installed as and when required during this timeframe depending on the progress of our programme.
- Lane closure from 9.30am to 3.30pm, **Tuesday 31 August to Tuesday 7 September**, along the A452 northbound towards Northway Island (see map on page 3).
- Road closure from 9.30am to 3.30pm, **Tuesday 31 August to Tuesday 7 September**, along Packington Lane (see map on page 3).

We will work Monday to Friday, however on occasion we may extend our works into the weekend.

These traffic measures will be carried out in conjunction with a new direction of travel for road users around Northway Island, which will commence on Monday 23 August. For more information about all of our traffic measures in the area, please visit: www.hs2.org.uk/in-your-area
