

## Notice of GPR Surveys – Curzon Street and surrounding roads

August 2021 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty Vinci is working on behalf of HS2 Ltd to build the new railway in your area.

### Upcoming Ground Penetrating Radar Surveys

We will be carrying out Ground Penetrating Radar (GPR) surveys in locations along Curzon Street, Lawley Middleway, Dartmouth Circus and Vauxhall Road from Monday 6 September to Friday 17 September excluding weekends. Dates are subject to the progress of the surveys programme.

GPR surveys are non-intrusive, they are completed using a machine which transmits an electromagnetic pulse into the ground. These pulses reflect off features in the ground, allowing us to identify the location and depth of buried utility services.

### Lane and road closures

To be able to carry out these inspections safely and effectively, we will need to put in place the following traffic management:

- 06 September and 07 September - lane closure along sections of Lawley Middleway along with a road closure and a diversion route on a section of Curzon Street.
- 08 September to 10 September - lane closure along sections of Curzon Street with temporary traffic lights.
- 13 September to 14 September - lane closure along sections of Lawley Middleway and Dartmouth Middleway, along with a road closure with a diversion route on Vauxhall Road and Lawford Close.
- 15 September to 17 September – lane closure along sections of Lawley Middleway, Curzon Street and Vauxhall Road.

These will be in place from 9.00pm to 5.00pm. Access to properties and businesses will be maintained at all times.

## HS2 during the Coronavirus pandemic

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current COVID-19 strategy makes clear that construction activity can continue as long as it complies with this guidance.

The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within Public Health England and construction industry guidelines.

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
