Update: road closures on Park Village East

October 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. You can sign up for regular updates in your local area at HS2inCamden.co.uk

Update: road closure on Park Village East

We recently informed you we will install three new utility connections between our worksite and the sewers beneath Park Village East and Harrington Street.

Sewer connection #1 – Park Village East south (Sep to Oct)

We are currently installing a sewer connection within the footway and carriageway on the corner of Park Village East, Granby Terrace and Stanhope Street.

We previously informed you we would reduce the traffic management on Park Village East from a road closure to a lane closure, from 25 to 30 October. Unfortunately, due to unforeseen reasons, we now need to maintain this road closure until the works are complete. These works are due to be complete on 30 October.

Traffic will continue to be diverted via Augustus Street and Varndell Street. We apologise for the disruption and any inconvenience this may cause.

Sewer connection #2 – Park Village East north (postponed)

We will install a second sewer connection at the northern end of Park Village East. We will need to close a section of the road at the northern end of Park Village East to carry out these works.

These works were due to start on 25 October but have been temporarily postponed. We will provide an update once the new start date is confirmed. We will ensure access for local residents and businesses is maintained.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email HS2enquiries@hs2.org.uk
