

# Notice of piling works – Curzon Street

August 2021 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new railway in your area.

## Upcoming Piling Works

We will be starting piling works on our Curzon Street site on Monday 13 September, these works will be ongoing until February 2022.

We need to install metal piles to stabilise the ground whilst we build the new Curzon number 3 and Lawley Middleway viaducts on the site. These viaducts will link the HS2 line to the new purpose-built Curzon Street Station. Piling works are therefore the start of the permanent construction works on the site.

## What we will be doing

Bored piles are used to form a foundation that provides support for structures by distributing the weight of the structure evenly across the ground. To install the piles we will use a piling machine to drill a vertical hole deep into the ground. We will then lower the reinforced steel into the hole using a crane before filling the hole with concrete and finally capping them at ground level with a beam.

Noise and dust will be carefully managed throughout. Noise and vibration monitoring will be in place throughout these works. We will also use water sprays to reduce dust generated by construction activities.

**If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email [hs2enquiries@hs2.org.uk](mailto:hs2enquiries@hs2.org.uk)**

## Duration of works

13 September 2021 –  
February 2022

Monday – Friday

Working times

8.00am -6.00pm

We may be on site up to an hour before the start and end of each shift

There may be on some occasions a need to work evenings and weekends to complete time critical works.

## What to expect

Installation of bored piles on the site.

Increase in noise levels near the site.

Large construction machinery in the area.

## What we will do

Monitor our works to ensure that we are working to the required limits to reduce our impact on our neighbours.

Use water sprays to reduce the amount of dust.

## HS2 during the COVID-19 pandemic

We are continually reviewing the works on our construction sites in line with the Government and Public Health England (PHE) advice on dealing with coronavirus. The Government's current coronavirus strategy makes clear that construction activity can continue as long as it complies with guidance. The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

# Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

## Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.  
[www.gov.uk/government/publications/hs2-residents-charter](http://www.gov.uk/government/publications/hs2-residents-charter)

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:  
[www.gov.uk/government/collections/hs2-ltd-residents-commissioner](http://www.gov.uk/government/collections/hs2-ltd-residents-commissioner)

You can contact the Commissioner at:  
[residentscommissioner@hs2.org.uk](mailto:residentscommissioner@hs2.org.uk)

## Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing:
