Vehicle Holding Area/ Parkway (SCS)

Lane closures on Parkway – 21 October to 2 November 2025

To inform the design of our utility works on Parkway, we need to survey a Cadent Gas main.

We will extend the traffic management and close a lane on Delancey Street as well as two middle lanes on Parkway to complete these works.

There will be no left turn onto Parkway from Delancey Street during this closure, therefore access to 117 Parkway will be restricted.

Monday to Friday: 8am to 6pm (core hours)

Saturday 25 October and 1 November: 8am to 5pm

Sunday 26 October and 2 November: 10am to 4pm

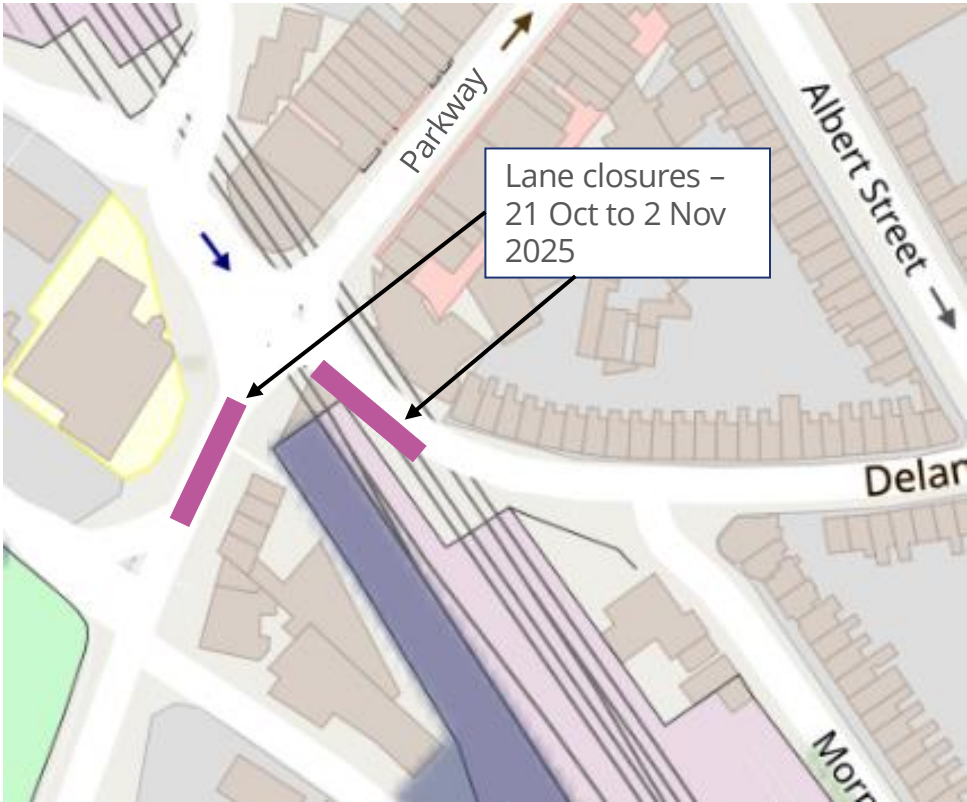

There will be periods of increased noise while we complete these works.

Traffic impact

- Two middle lanes closed on Parkway and left lane on Delancey Street
- No left turn onto Parkway from Delancey Street

Notification sent:

- [25 Sep 2025](#)
- [21 Oct 2025](#)

The dates for these works were delayed due to our site safety stand down. We are now safely restarting works across our sites In Euston Approaches.

Camden Cutting (SCS)

Mornington Street bridge reopened

We reopened Mornington Street bridge to vehicles on 8 January 2024. We have put a 3-tonne weight limit in place which we are managing with width restriction barriers at both end of the bridge.

For safety reasons, Network Rail and SCS will continue to monitor the bridge whilst work continues beneath it.

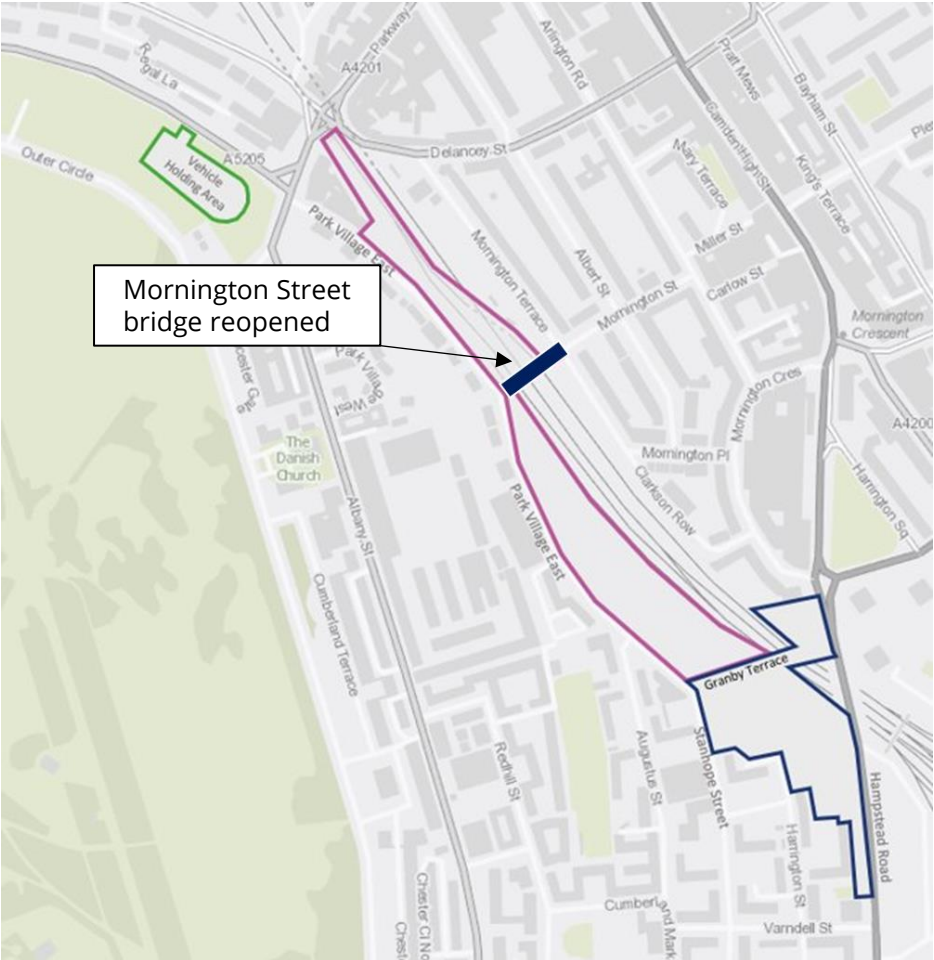

Please note the bridge will be closed throughout the duration of tunnelling works and we will update you in advance. These are expected to take 5 years to complete.

Traffic impact

- Mornington Street bridge reopened to vehicle traffic with 3-ton weight limit
- Access maintained for cyclists and pedestrians

Euston Throat (SCS)

Update: Road closure on Varndell Street – 21 October to 17 November 2025

On 21 October we will move to the next phase of our programme. We will continue to close the southbound lane on Hampstead Road, and Varndell Street will remain closed.

Cardington Street will also be closed. Vehicle access to Regent's Park estate will be via Robert Street.

We will maintain two-way traffic on Hampstead Road using temporary traffic lights. Please see footpath diversions and crossing points on the map below.

Duration of works: 21 October to 17 November 2025

Traffic impacts:

- Road closure on Varndell Street (vehicles diverted via Robert Street)
- Northbound and southbound lane closures
- Cardington Street closed
- Footpath closure and diversion on Hampstead Road

Notification sent:

- [26 Sep 2025](#)
- [21 Oct 2025](#)

The dates for these works were delayed due to our site safety stand down. We are now safely restarting works across our sites in Euston Approaches.

Hampstead Road utilities diversion works

Section	Traffic impacts	Start	Finish
Southern Section	Road closure on Varndell Street; works on northbound and southbound lanes on Hampstead Road	19 Feb 2025	Dec 2025
Northern Section	North and southbound lane closures near Granby Terrace bridge	2 May 2025	Dec 2025

Please note these dates are subject to change, for Hampstead Road utilities programme updates follow [this link](#).

Hampstead Road utilities diversion – 21 October to 28 November 2025

From 21 October to 23 December, we will continue our utility diversion works within the northbound outside lane on Hampstead Road near Granby Terrace bridge.

From 3 to 28 November, in addition to the outside northbound lane closure, we will close one outside southbound lane on Hampstead Road.

We will also dig a trial hole in the eastern footpath on Hampstead Road. We will partially close the footpath and divert pedestrians up and around the closure to maintain access to Ampthill Estate as shown on the map below.

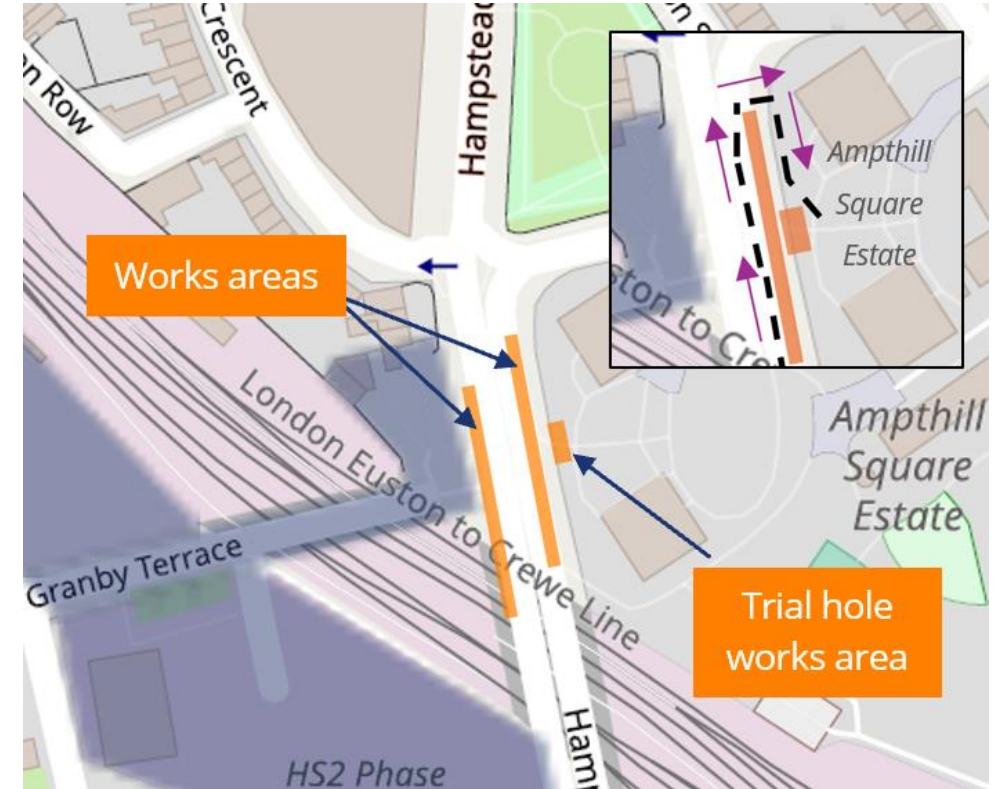

Duration of works: 21 October to 28 November 2025

Traffic impacts:

- Southbound and northbound lane closures on Hampstead Road
- Pedestrians and cycle access will be maintained
- Footpath closure outside Ampthill Estate

Notification sent:

Stanhope Street utilities road closures – October to December 2025

Road and lane closure on Stanhope Street

From **21 October to 23 December**, we will close Stanhope Street north of the junction with Varndell Street and close the southbound lane on Stanhope Street close to Cubitt Court.

From **27 October to 7 November**, we will close the southbound lane on Stanhope Street, south of Varndell Street. During this phase Stanhope Street north of the junction of Varndell Street will be closed.

We will suspend parking bays on Stanhope Street and Varndell Street during these works.

Current phases: 21 October to 23 December 2025

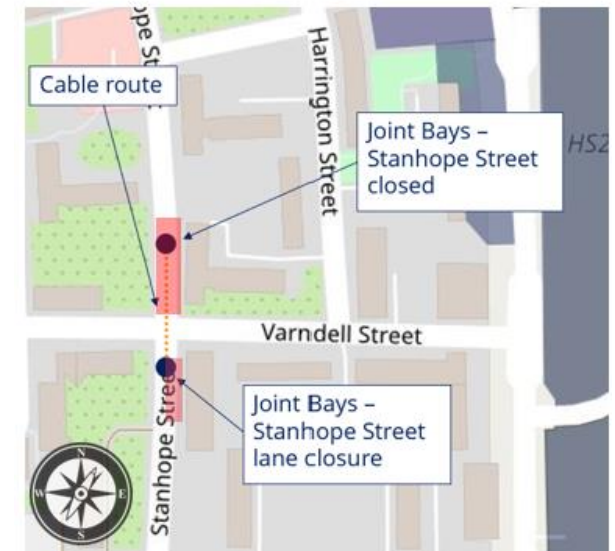

27 October to 7 November 2025

Traffic impacts:

- Road and footpath closures on Stanhope Street close to Varndell Street
- Lane and footpath closure on Stanhope Street close to Cubitt Court
- Traffic will be diverted via Mackworth Street, Harrington Street and Varndell Street

Euston Station works (MDjv)

North Gower Street Gas Main diversion Phase One – 14 April to 23 December 2025

We will be carrying out gas main diversions in North Gower Street and Euston Street over three phases.

We are now on phase two of these works which is taking place on North Gower Street.

Traffic impact:

- Lane closure on North Gower Street
- Traffic controlled by temporary signals
- No vehicular access to Euston Road

Drummond Street Gas Replacement Works – 18 August to December 2025

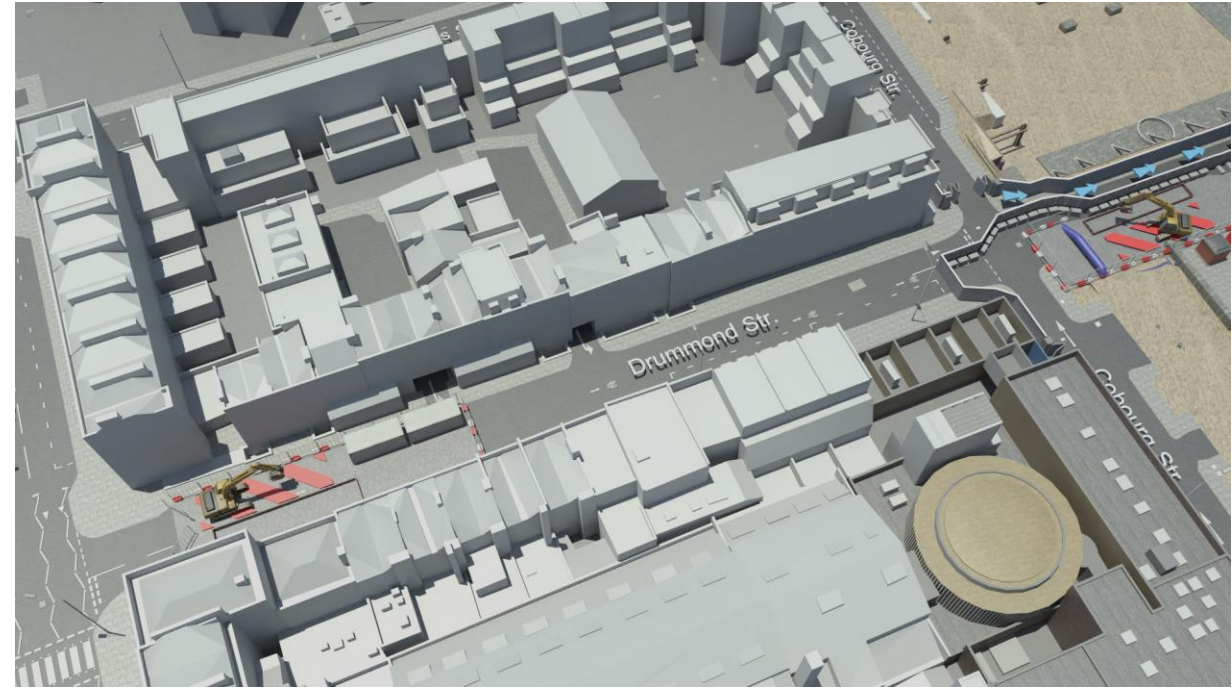

We will be carrying out gas main replacement on Drummond Street from Monday 18 August 2025. There will be two sites on Drummond Street – one at the junction with North Gower Street and one within our hoarding at the end of the road. The technique used is an insertion which negates the need for a full excavation of the road

Traffic impact:

- Road closed to vehicles for 12 weeks from 18 August 2025

Notification Sent:

- [30 May 2025](#)

Eversholt Street surveys and trial holes – 23 September 2025 to 31 January 2026

We will be conducting utility surveys to inform planned future works in the area. To facilitate these works, bus stops A and B on Eversholt Street will be suspended intermittently.

Following the completion of these surveys we will undertake relocation and construction of major utilities works.

Traffic impact:

- Localised lane and road closures
- 2-way set of temporary traffic lights
- Parking bays and loading bays suspensions
- Footway restrictions.
- Pedestrian access will be maintained at all times
