

Update notice of sheet piling work at Mandeville Road

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. You can sign up for regular updates in your local area at hs2inkilburnandnortholt.co.uk.

Sheet piling and deliveries

We wrote to you in July to inform you about the upcoming piling work and associated deliveries at the Mandeville Road site. There has been some changes to these dates which are noted below.

Deliveries

From 23 to 27 August 2021, we will be taking delivery of cranes and machinery needed for sheet piling at the Mandeville Road vent shaft site. There will be one delivery per evening outside of core working hours, at 8pm. For safety reasons, we will temporarily stop traffic flow outside of our site to allow the lorries to reverse into site. Each delivery should take approximately fifteen minutes.

On Tuesday 24 August the largest crane will be delivered. This will be delivered at 8pm and removed from the lorry – due to some assembly this may take up to 2 hours.

Sheet piling

From 31 August to 17 September 2021, we will be installing the first line of sheet piles at the northern edge of our site as shown on the map below. During this time, we will also have deliveries of the sheet piles during core hours.

How these works might affect you

You may experience a period of increased construction noise during this time. Noise and vibration monitoring will be in place throughout these works. We will use water sprays to reduce dust generated by construction activities.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.
www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:
