# Update: ground investigations in Alperton Lane area

September 2021 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. You can sign up for regular updates in your local area at [www.hs2.org.uk](http://www.hs2.org.uk).

## Ground investigation works from 13 September

We recently wrote to you in late August about ground investigation works in the Alperton Lane area from 13 September until 17 October. These works have now been rescheduled and will take place from 27 September until 30 October between 8am to 6pm on Mondays to Fridays.

The ground investigation works will involve drilling two holes into the ground and installation of monitoring equipment below ground on the main sewage pipes. We are installing the monitoring equipment so we can monitor the condition of the sewage pipes while we build the HS2 tunnels.

You can view our previous notification about ground investigation works in the Alperton Lane area at [hs2.org.uk/where/route-map/](http://hs2.org.uk/where/route-map/)
