# Update: Notice of drainage surveys in your local area

September 2021 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19.

### Drainage surveys at Sunny Mews

We wrote to you previously about drainage surveys in the carpark of Sunny Mews between 16 and 20 August 2021. The surveys have been rescheduled to 13 to 17 September.

We will visit between 8am and 6pm to carry out the surveys. We will access the drainage via a manhole located in the parking area of Sunny Mews and use a camera to investigate the condition of the drainage.

Our surveying team may need to flush the drainage using a high-pressure water jet. There will be parking bay suspensions in place on Gloucester Avenue and a water tanker will be parked here in case we need to flush the drainage.

The dates for the surveys may change.

### Drainage surveys in St George Camden Goods Yard development site

From 13 to 17 September, we are also planning to carry out a drainage survey via a manhole in the St George Camden Goods Yard Development site. Our surveyors will visit this site to carry out surveys between 8am to 6pm to carry out surveys. We have agreed these surveys with the developer.

A map showing the location of the surveys is included on the next page.

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
