

Update: ongoing utility works in Willesden Euroterminal site

August 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19.

Site drainage works

We are continuing works to install utility connections in our Willesden Euroterminal site, including site drainage. As part of this program, we will be carrying out works along the Stephenson Street boundary of our site (see on the location map on page 2).

These works are planned from 13 September to 30 October 2021 between the hours of 8am to 6pm on Mondays to Fridays and 8am to 1pm on Saturdays if required.

During these works we will need to break out the existing tarmac and concrete and excavate the area along the inside of our site boundary. We will then install the drainage system and backfill the excavated area.

You may notice some noise during these works. We will use noise reducing barriers where possible. The site hoarding will also remain in place to assist with reducing any disruption to you. We will use water sprays to dampen down work that might cause dust.

We will continue to monitor our working methods throughout these works to ensure that disruption is minimised as much as possible.

The dates mentioned in this notification may change - we will provide updates about our works at HS2.org.uk

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.
www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:
www.gov.uk/government/collections/hs2-ltd-residents-commissioner

You can contact the Commissioner at:
residentscommissioner@hs2.org.uk

Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing:
