# HS2

HS2 is a new railway that will run between London Euston and other big stations in Britain.

When the work is done, it will be quicker and easier to travel between big cities like Birmingham, Manchester and Leeds.

HS2 Ltd is designing and building the railway.

## Homeowner Payment (HOP) Scheme

This a scheme to give people money if they live in and own a place in the countryside close to the new railway.

This scheme only applies to the parts of the railway:

- between London and the West Midlands
- between the West Midlands and Crewe.

# Homeowner Payment (HOP) Scheme

This scheme applies to land and buildings that are between 120 metres and 300 metres away from the new railway line. This is called the HOP zone.

If you have a home or business in this area, you can apply to get a cash payment.

The amount we will give depends on how close your house is to the new railway line. There are 3 bands:

- Band 1 - between 120 metres and 180 metres from the railway line - £24,000.

- Band 2 - between 180 metres and 240 metres from the railway line - £16,000.

- Band 3 - between 240 metres and 300 metres from the railway line - £8,000.

If your home or building is in 2 of these bands. We would give you the higher amount of money.

# Your garden

You can still apply if:

- your building is more than 300 metres away, but

- any part of your house or at least a quarter of your building or garden or other land is less than 300 metres away.

# Rural Support Zone

If you live closer than 120 metres to the new railway, you can apply to the Rural Support Zone scheme.
