

Notice of CCTV surveys on Eastcote Lane, Northolt

September 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. You can sign up for regular updates in your local area at hs2inkilburn-northolt.co.uk.

What we are doing

From 20 September to 1 October 2021, we will be excavating trial holes on Eastcote Lane, Northolt, shown on the maps overleaf. These works will be carried out during core working hours Monday to Friday 8am to 6pm. These trial holes will provide us with information on the condition of the ground in advance of utility works to protect the network while we are building HS2.

How the works might affect you

Temporary traffic management, a road closure as well as bus and cycle lane suspensions will be in place during these works to ensure these works can be carried out safely.

Clear diversion routes will be in place.

We will maintain pedestrian access on the bridge.

Your utility services will not be affected.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
