

Notice of temporary road closures, A43 Update

October 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. We continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current strategy makes it clear that construction activity can continue as long as it complies with this guidance. Please be assured that only sites that can operate within the guidelines are operational. All sites will remain under constant review. You can sign up for regular updates in your local area at www.hs2innorthants.co.uk.

What are we doing?

As part of our continued preparatory works for the Radstone Road junction upgrade, we are planning a series of road works on the A43 northbound. To reduce disruption as much as possible, we will be jointly using previously anticipated closures for resurfacing works by National Highways.

Our works will involve temporarily closing a section of the Radstone Road, Radstone (the section of road between Radstone and the A43) for necessary utility works as well as the removal of vegetation to enable future works to continue.

Works creating temporary narrowed lanes on the A43 northbound and constructing slip lanes at the Radstone Road junction with the A43 northbound is now expected to take place in 2022.

When will these works take place?

A section of the Radstone Road, Radstone will be fully closed, 24 hours a day from October to the end of December 2021. There will be no access from the Radstone Road junction onto the A43.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk
