

Notice of GPR Surveys – Crawford Street, Cranby Street and Adderley Road

September 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty Vinci is working on behalf of HS2 Ltd to build the new railway in your area.

Upcoming Ground Penetrating Radar Surveys

We will be carrying out overnight Ground Penetrating Radar (GPR) surveys over a week's duration, starting on the 20 September. Our GPR surveys will start in locations along Crawford Street and Cranby Street overnight on Tuesday 21 September and Wednesday 22 September. They will continue on Cranby Street overnight on Thursday 23 September, Friday 24 September and Monday 27 September. Our final location of survey works will be overnight on Adderley Road on Tuesday 28 September. Dates are subject to the progress of the surveys programme.

GPR surveys are non-intrusive, they are completed using a machine which transmits an electromagnetic pulse into the ground. These pulses reflect off features in the ground, allowing us to identify the location and depth of buried utility services.

Road closures and traffic management

To be able to carry out these inspections safely and effectively, we will need to put in place road closures with a diversion route along sections of Crawford Street and Cranby Street. As well as this, we will implement a 3-way traffic light system on Adderley Road and close Adderley Gardens Road. This traffic management will be in place from 9.00pm to 5.00am. Access to properties and businesses will be maintained at all times.

Duration of works

21 September – 22 September (two nights) road closure on Crawford Street and Cranby Street 9.00pm -5.00am.

23, 24 and 27 September – (three nights) road closure Cranby Street 9.00pm – 5.00am

28 September – 3-way temporary traffic lights on Adderley Road Road closure on Adderley Gardens Road 9.00pm – 5.00am

What to expect

Our workforce to be on site 1 hour before and 1 hour after, to set up and take down equipment.

Clear signage in place.

What we will do

Ensure all work areas are safe and secure.

HS2 during the COVID-19 pandemic

We are continually reviewing the works on our construction sites in line with the Government and Public Health England (PHE) advice on dealing with coronavirus. The Government's current coronavirus strategy makes clear that construction activity can continue as long as it complies with this guidance. The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
