

October 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19.

The information included below outlines ongoing works at the SCSJV sites in Old Oak and Park Royal until the end of January 2022.

The dates and site activities mentioned in this notification may change - we will provide updates about our works at **HS2inOldOak.co.uk**

Ongoing works at the Victoria Road Crossover Box and Flat Iron sites

Works are continuing to progress in the Crossover Box site to build a ventilation shaft and prepare for future construction of the crossover box below ground.

Ongoing works until the end of January 2022 include:

- Shaft construction including the construction of the base slab within the shaft (Crossover Box site)
- Construction of the diaphragm wall (supportive ground wall) and working platforms (Crossover Box site)
- Completion of the piling
- Start of excavation works to build the crossover box (Crossover Box site)
- Installation of foundations and towers for the conveyor system (Flat Iron site)
- Installation of materials lab (Flat Iron site)

Please note that some works relating to the shaft construction and the construction of the diaphragm wall occur during our extended working hours at the Victoria Road Crossover Box site. These hours are from Monday 7am to Saturday 6pm until March 2022. All other work will commence during our core hours of 8am to 6pm Monday to Friday and 8am to 1pm on Saturday.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

Notification

Duration of works

Ongoing site works until the end of January 2022

Our core working hours will be from 8am to 6pm, Mondays to Fridays and 8am to 1pm Saturdays if needed

Extended working hours at Victoria Road Crossover Box site

Monday 7am to Saturday 6pm until March 2022 (on specific works)

What to expect

Various construction activities on site in preparation to build future structures

We will continue to monitor our working methods to keep disruption to a minimum

What we will do

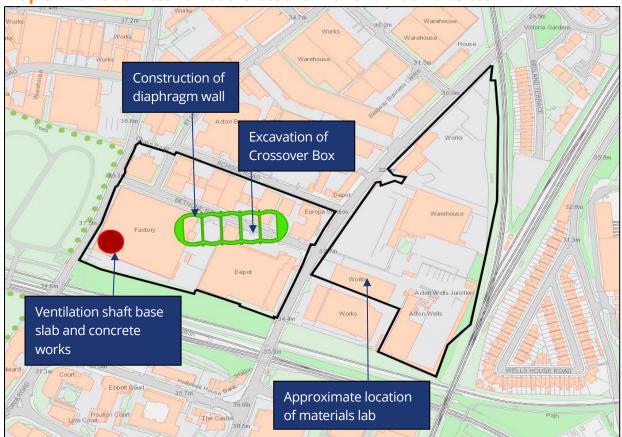

Provide updates about our works at www.hs2inoldoak.co.uk

Notification

www.hs2.org.uk

Map of works at Victoria Road Crossover Box and Flat iron sites

Ongoing works at Atlas Road site

Works are continuing to prepare the Atlas Road site for future works to build the logistics tunnel, the conveyor system and storage of the tunnel segments

Ongoing works until the end of January 2022 include:

- Pile trimming and capping
- Building a working platform on top of the piles to create a stable working platform for futures works to build the logistics tunnel
- Start of excavation and concrete works to build the launch ramp for the Atlas Road Logistics Tunnel
- Building the tunnel segment storage areas and gantry crane foundations
- Installation of foundations and towers for the conveyor system
- Onsite utility connections
- Completion of site drainage system

Notification

www.hs2.org.uk

Ongoing works at Willesden Euroterminal site

Rail terminal operations are continuing at the Willesden Euroterminal site to remove excavated materials from the local area by rail. We are also receiving excavated materials by rail from other HS2 sites in the local area.

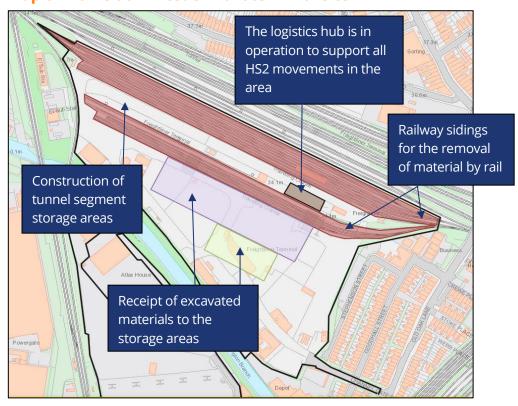

Ongoing works at the Willesden Euroterminal site until the end of January 2022 include:

- Train departures will continue to take place 24/7 to align with the freight rail timetable
- Up to two trains movements per day for the remainder of 2021 we will keep residents updated about the number of train movements in 2022
- Regular maintenance and greasing schedule on the railway track every month (and as required). Additional greasing guns will be installed on the tracks in November 2021 (these have been on order and are expected to arrive by the end of October for installation). This date may change
- Installation of foundations and towers for the conveyor system
- Installation of tunnel segment storage areas

Notification

Installation of conveyor crossing over the Grand Union Canal and continued foundation works

We will be installing the conveyor crossing over the Grand Union Canal from 1 to 5 November 2021, connecting the Atlas Road and Willesden Euroterminal sites.

To carry out these works safely, temporary changes will be in place on the canal while we lift the crossing into place. Further information about these works has been provided to local residents and canal users and can be viewed at www.hs2.org.uk/in-your-area/map/

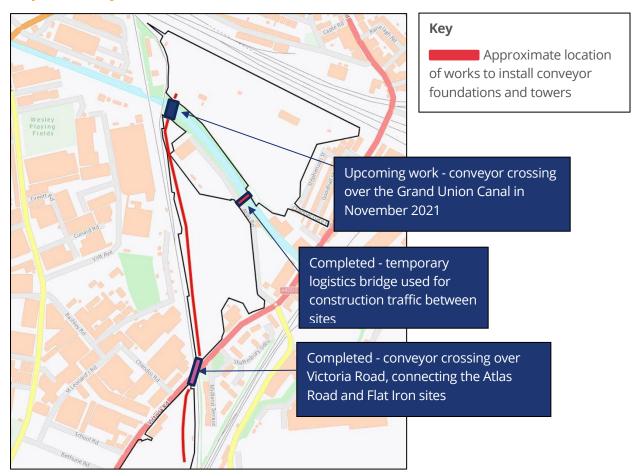

We will also be continuing works until early 2022 to install the convey foundations and towers to support the conveyor system at all sites in the local area. These works include Installation of prefabricated structures and concrete pours.

A map showing the location of the works to install the conveyor foundations and crossings is included on the next page.

Indicative traffic management programme - SCSJV

As part of works to prepare sites for future works and the construction of the new railway we will be carrying out a series of work on local roads.

These works include:

- Utility works on Chase Road planned from November 2021
- Utility works on Victoria Road planned from early 2022

We will provide further information in advance of works which impact highways. You can view the latest updates about works at www.hs2.org.uk/in-your-area/map/ - we will also provide updates at www.hs2.org.uk

www.hs2.org.uk

What to expect

During the works outlined in this update you may notice one or a few of the following within our sites:

- Heavy goods vehicles
- Excavators
- Cranes
- Lighting towers
- Concreting equipment
- Temporary traffic management and signage

Reducing disruption to you

We will continue to monitor noise, dust and vibration in line with the HS2 Code of Construction Practice. Other measures in place to reduce disruption to our neighbours include:

- Additional attending monitoring
- Operation of wheel washes to clean vehicle wheels as they depart site
- Dust suppression sprays on works and site roads including water bowsers during hot and dry weather
- Use off noise reducing blankets where possible
- Covering of material, deliveries or loads entering and leaving sites
- Monitoring of working methods to ensure minimal disruption is caused

Speak with your engagement team

You can contact our local engagement team via the HS2 Helpdesk, all day, every day of the year.

We are also available to speak with you at monthly virtual one to ones in Old Oak and Park Royal on the following dates:

- Wednesday 27 October, 3pm to 6pm
- Wednesday 24 November, 3pm to 6pm

To register for the next drop-in on 27 October, please visit www.hs2.org.uk/events/

What else is happening in your area?

Contact our HS2 Helpdesk team

Our team is here to listen and respond to your enquiry, complaint or feedback to help us be a good neighbour.

You can contact our Helpdesk team all day, every day of the year on:

Freephone: **08081 434 434** Minicom: **08081 456 472**

Email: hs2enquiries@hs2.org.uk

Keep up-to-date with your local community website

To find out more about what's happening in your area and receive regular email updates, you can sign up to our local community websites at: www.hs2inyourarea.co.uk.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: https://www.groundwork.org.uk/hs2funds

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route. www.gov.uk/government/publications/hs2residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at: www.gov.uk/government/collections/hs2-ltdresidents-commissioner

You can contact the Commissioner at: residentscommissioner@hs2.org.uk

Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing:

complaints@hs2-cc.org.uk

Property and compensation

You can find out all about HS2 and properties along the line of route by visiting:

www.gov.uk/government/collections/hs2-property Find out if you're eligible for compensation at: www.gov.uk/claim-compensation-if-affected-by-hs2

Holding us to account

If you are unhappy for any reason you can make a complaint by contacting our HS2 Helpdesk team. For more details on our complaints process, please visit our website:
