Update: works on Hampstead Road and Harrington Street

October 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. You can sign up for regular updates in your local area at HS2inCamden.co.uk

Update: utility works on Hampstead Road

We are currently moving the utilities beneath Hampstead Road from the footway to the carriageway, to clear our working area for piling. We expect to continue these works until spring 2022.

British Telecom will divert their services from mid-October 2021 to February 2022, which will require lane and footway closures on Hampstead Road. We are waiting to confirm with Transport for London whether we will suspend any bus stops during these works.

We try to use our Hampstead Road gate as often as possible to reduce construction traffic on residential streets. There are periods where we are unable to use this gate due to works being carried out in this location. To maintain site access from Hampstead Road during upcoming utility works, we are creating a second gate south of the current gate. We will require additional traffic management on Hampstead Road during November while we install the access. We may need to work during weekends and extended hours to install this access as quickly as possible and reduce our impact on local traffic. We will update you once we have confirmed details.

Once we have extended Granby Terrace bridge, we will divert the utilities on Hampstead Road across Granby Terrace, to clear Hampstead Road for bridge extension works. This will be a temporary measure. Once we have extended Hampstead Road bridge, we will reinstate the utilities.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email HS2enquiries@hs2.org.uk

Duration of works

Utility works on Hampstead Road: ongoing until spring 2022

New Hampstead Road gate install: November

Maintaining generators for site office: October 2021 to spring 2022

Working hours: Mondays to Fridays 8am to 6pm & Saturdays 8am to 1pm

What to expect

Traffic management on Hampstead Road

Road closure on Harrington Street

HVO fuel deliveries to site via Harrington Street

What we will do

Update you when we have confirmed traffic management details

Take measures to minimise noise and dust

Provide updates at HS2inCamden.co.uk

Update: works on Hampstead Road and Harrington Street

Notification

www.hs2.org.uk

Update: utility works on Harrington Street – 7 Oct to Nov

We are installing utility connections between our worksite and the sewers beneath Park Village East and Harrington Street.

We planned to begin works on Harrington Street on 27 September, but due to delays will now carry out these works from 7 October to early November. We will close the northern end of Harrington Street between our worksite and Mackworth Street for safe working.

There will be access to properties at all times and we will work with refuse collection services to ensure they have access to bins.

For more information please see our previous notice '[Update: road closures for utility works on Park Village East and Harrington Street](#)' (September 2021).

Update: providing power to the main site office

We are working closely with UK Power Networks to install a power supply to our worksite and main site office, on the corner of Stanhope Street and Granby Terrace, as soon as possible. We expect to be connected by spring 2022. Until then, we will need to continue to use our site generators to power our worksite and offices.

We position our generators as far away from residential buildings as we can. However, these generators are just inside our hoarding, next to Langdale, to avoid the construction exclusion zones within the site.

We need to refuel these generators from a lorry on Harrington Street because there is not enough space for the lorries to safely access the generators onsite. A specialist team will take extensive measures to ensure the refuelling is done safely and efficiently, taking about half an hour each time. We will refuel about twice a week, starting in October until spring 2022. Please note, we use hydrotreated vegetable oil (HVO fuel) to power these generators.

For more information on our site generators please refer to our [Generators in the Euston Approaches Frequently Asked Questions](#) (2021)

Keep up-to-date with your local community website

To find out more about what's happening in your area and receive regular email updates, you can sign up to our local community websites at: www.hs2inyourarea.co.uk.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.

www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:

www.gov.uk/government/collections/hs2-ltd-residents-commissioner

You can contact the Commissioner at:
residentscommissioner@hs2.org.uk

Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing:
complaints@hs2-cc.org.uk

Property and compensation

You can find out all about HS2 and properties along the line of route by visiting:

www.gov.uk/government/collections/hs2-property

Find out if you're eligible for compensation at:

www.gov.uk/claim-compensation-if-affected-by-hs2

Holding us to account

If you are unhappy for any reason you can make a complaint by contacting our HS2 Helpdesk team. For more details on our complaints process, please visit our website:
